- Application** : Proposed Residential Development (Houses) and Minor Relaxation of PR and BH Restrictions

**1. Background**

- 1.1 On 7.1.2019, the applicant submitted the application to seek planning permission for proposed residential development and minor relaxation of PR and BH restrictions at the application site (**Plan A-1**).
- 1.2 On 22.2.2019, the Rural and New Town Planning Committee (the Committee) agreed to defer a decision on the application, as requested by the applicant, to allow two months’ time for the applicant to prepare further information (FI) to address departmental comments. Upon receipt of the FI on 25.4.2019

submitted by the applicant, the application is scheduled for consideration by the Committee at this meeting on 21.6.2019.

**2. Request for Deferment**

On 11.6.2019, the applicant wrote to the Secretary of the Town Planning Board (the Board) and requested the Board to defer the consideration of the application in order to allow two months' time for the applicant to prepare additional information and amendments of the submitted documents to address comments from Environmental Protection Department (EPD) and Transport Department (TD) (**Appendix I**).

**3. Planning Department's Views**

3.1 The application has been deferred once for two months at the request of the applicant to allow more time to address departmental comments. Since the first deferment on 22.2.2019, the applicant has submitted FI to address departmental comments. However, the applicant need more time to prepare FI to address EPD and TD's further comments.

3.2 The Planning Department has no objection to the request for deferment as the justification for deferment meets the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Comments, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33) in that the applicant needs more time to prepare FI in response to departmental comments, the deferment period is not indefinite and the deferment would not affect the interests of other relevant parties.

3.3 Should the Committee agree to defer making a decision on the application, the application will be submitted to the Committee for consideration within two months upon receipt of FI from the applicant. If the FI submitted by the applicant is not substantial and can be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. Since it is the second deferment of the application, the applicant should be advised that the Committee has allowed a total of four months for preparation of FI, and no further deferment would be granted unless under very special circumstances.

**4. Decision Sought**

The Committee is invited to consider whether or not to accede to the applicant's request for deferment. If the request is not acceded to, the application will be submitted to the Committee for consideration at the next meeting.
