Advisory Clauses

- (a) should the applicant fail to comply with the approval conditions again resulting in revocation of the planning permission, sympathetic consideration may not be given by the Committee to any further application;
- (b) note DLO/YL, LandsD's comments that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The STW holder(s) will need to apply to his office for modification of the STW conditions where appropriate. The owner(s) of the lot(s) without STW will need to apply to his office to permit the structures to be erected or regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity as landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by LandsD;
- (c) note C for T's comments that the Site is connected to the public road network via a section of a local access road which is not managed by his department. The land status of the local access road should be checked with the LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
- (d) note CHE/NTW, HyD's comments that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads or exclusive road drains. Fung Kat Heung Road is not maintained by his department. His department is not/shall not be responsible for the maintenance of any access connecting the Site and San Tam Road;
- (e) note DEP's comments that the applicant is reminded to observe / note (i) the requirement stipulated in "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Site"; and (ii) effluent discharges from the Site are subject to control under the Water Pollution Control Ordinance (WPCO). For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new buildings works (including containers/ open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. and contractors, his and their workmen shall have free access at all times to the said area with necessary plant and vehicles for the purpose of laying, repairing and maintenance of water mains and all other services across, through or under it which the WA may require or authorize.
