

**Relevant Extracts of Town Planning Board Guidelines No.34B on  
'Renewal of Planning Approval and Extension of Time for Compliance  
with Planning Conditions for Temporary Use or Development'  
(TPB PG- No. 34B)**

1. The criteria for assessing applications for renewal of planning approval include:
  - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
  - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
  - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
  - (d) whether the approval period sought is reasonable; and
  - (e) any other relevant considerations.
  
2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

**Town Planning Board Guidelines for  
Application for Open Storage and Port Back-up Uses  
(TPB PG-No.13E)**

1. On 17.10.2008, the Town Planning Board Guidelines for Application for Open Storage and Port Back-up Uses under Section 16 of the Town Planning Ordinance (TPB PG-No. 13E) were promulgated, which set out the following criteria for the various categories of area:
  - (a) Category 1 areas: favourable consideration will normally be given to applications within these areas, subject to no major adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through the implementation of approval conditions. Technical assessments should be submitted if the proposed uses may cause significant environmental and traffic concerns;
  - (b) Category 2 areas: planning permission could be granted on a temporary basis up to a maximum period of 3 years, subject to no adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through the implementation of approval conditions. Technical assessments, where appropriate, should be submitted to demonstrate that the proposed uses would not have adverse drainage, traffic, visual, landscaping and environmental impacts on the surrounding areas;
  - (c) Category 3 areas: applications would normally not be favourably considered unless the applications are on sites with previous planning approvals. Sympathetic consideration may be given if the applicants have demonstrated genuine efforts in compliance with approval conditions of the previous planning applications and included in the fresh applications relevant technical assessments/proposals to demonstrate that the proposed uses would not generate adverse drainage, traffic, visual, landscaping and environmental impacts on the surrounding areas. Planning permission could be granted on a temporary basis up to a maximum period of 3 years, subject to no adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through the implementation of approval conditions; and
  - (d) Category 4 areas: applications would normally be rejected except under exceptional circumstances. For applications on sites with previous planning approvals, and subject to no adverse departmental comments and local objections, sympathetic consideration may be given if the applicants have demonstrated genuine efforts in compliance with approval conditions of the previous planning applications and included in the applications relevant technical assessments/proposals to demonstrate that the proposed uses would not generate adverse drainage, traffic, visual, landscaping and environmental impacts on the surrounding areas. The intention is however to encourage the phasing out of such non-conforming uses as early as possible. A maximum period of 2 years may be allowed upon renewal of planning permission for an applicant to identify suitable sites for relocation. No further renewal of approval will be given unless under very exceptional circumstances and each application for renewal of approval will be assessed on its individual merit.

2. In assessing applications for open storage and port back-up uses, the other major relevant assessment criteria are also summarized as follows:
- (a) there will be a general presumption against development on sites of less than 1,000m<sup>2</sup> for open storage uses and 2,000m<sup>2</sup> for port back-up uses in rural areas, other than sites located in major corridors, industrial/godown/workshop areas, quarrying activities or where it is demonstrated that optimum use is made of the site. This is to prevent the further proliferation of small sites in rural areas, minimizing sprawl over countryside areas and reducing travel trips;
  - (b) port back-up sites and those types of open storage uses generating adverse noise, air pollution and visual intrusion and frequent heavy vehicle traffic should not be located adjacent to sensitive receivers such as residential dwellings, hospitals, schools and other community facilities;
  - (c) port back-up uses are major generators of traffic, with container trailer/tractor parks generating the highest traffic per unit area. In general, port back-up sites should have good access to the strategic road network, or be accessed by means of purpose built roads;
  - (d) adequate screening of the sites through landscaping and/or fencing should be provided where sites are located adjacent to public roads or are visible from surrounding residential areas;
  - (e) there is a general presumption against conversion of agricultural land and fish ponds to other uses on an ad hoc basis, particularly in flood prone areas or sites which would obstruct natural drainage channels and overland flow; and
  - (f) for applications involving sites with previous planning approvals, should there be no evidence to demonstrate that the applicants have made any genuine effort to comply with the approval conditions of the previous planning applications, planning permission may be refused, or a shorter compliance period for the approval conditions may be imposed, notwithstanding other criteria set out in the Guidelines are complied with.

Previous Applications covering the Application Site

Approved Applications

	<u>Application No.</u>	<u>Proposed Use</u>	<u>Date of Consideration (RNTPC)</u>	<u>Approval Conditions</u>
1	A/YL-KTS/37*	Proposed temporary open storage of electricity generators and compressors (time limit not specified)	1.12.1995 (for 2 years)	(1), (2), (4)
2	A/YL-KTS/54*	Proposed temporary open storage of electricity generators and compressors with maintenance work for 2 years	12.7.1996	(1), (2), (4)
3	A/YL-KTS/132*	Open storage of electricity generators and compressors with maintenance work (time limit not specified)	31.7.1998 (for 2 years)	(1), (2), (4)
4	A/YL-KTS/219*	Temporary open storage of electricity generators and compressors with maintenance work for 3 years	28.7.2000	(1), (2), (3), (4)
5	A/YL-KTS/297*	Temporary open storage of electricity generators and compressors with maintenance work for 3 years	25.7.2003	(2), (3), (4), (5)
6	A/YL-KTS/383*	Renewal of planning approval for temporary open storage of electricity generators and compressors with maintenance work for 3 years	21.7.2006	(1), (3), (4), (5), (6), (7), (8)
7	A/YL-KTS/467	Renewal of planning approval for temporary open storage of electricity generators and compressors with maintenance work for 3 years	10.7.2009	(3), (4), (5), (6), (9), (10), (11)

	<u>Application No.</u>	<u>Proposed Use</u>	<u>Date of Consideration (RNTPC)</u>	<u>Approval Conditions</u>
8	A/YL-KTS/567	Renewal of planning approval for temporary open storage of electricity generators and compressors with maintenance work for 3 years	6.7.2012 (for 1 year)	(3), (4), (5), (6), (8), (9), (10), (11), (12), (13), (14), (15)
9	A/YL-KTS/602	Renewal of planning approval for temporary open storage of electricity generators and compressors with maintenance work for 3 years	5.7.2013 (for 1 year)	(3), (4), (5), (6), (8), (9), (10), (11), (12), (13), (14), (15), (16)
10	A/YL-KTS/641	Renewal of planning approval for temporary open storage of electricity generators and compressors with maintenance work for 3 years	27.6.2014 (for 1 year)	(3), (4), (5), (6), (8), (9), (10), (11), (12), (13), (14), (15), (16)
11	A/YL-KTS/669	Temporary Open Storage of Electricity Generators and Compressors with Maintenance Work for a Period of 3 Years	3.7.2015 (for 1 year)	(3), (4), (5), (6), (8), (9), (10), (11), (12), (13), (14), (15), (16)
12	A/YL-KTS/708	Renewal of Planning Approval for Temporary Open Storage of Electricity Generators and Compressors with Maintenance Work for a Period of 1 Year	24.6.2016	(3), (4), (5), (6), (8), (9), (10), (11), (12), (13), (14), (15), (16)
13	A/YL-KTS/740	Renewal of Planning Approval for Temporary Open Storage of Electricity Generators and Compressors with Maintenance Work for a Period of 1 Year	23.6.2017	(3), (4), (5), (6), (9), (11), (12), (13), (14), (15), (16)

\*These applications were submitted under the then "U" zone on the Kam Tin South OZP. The zoning of the sites has been amended to "OU(RU)" on the draft Kam Tin South OZP No. S/YL-KTS/10 which was gazetted on 22.9.2006 and is still valid under the prevalent OZP No. S/YL-KTS/13.

### Approval Conditions:

- (1) Submission and implementation of landscaping proposals
- (2) Submission/provision of drainage facilities
- (3) Revocation of planning approval if the planning conditions are not complied with by the specified date/during the approval period
- (4) Reinstatement of the Site after the expiry of the planning approval
- (5) Maintenance of landscape planting and/or drainage facilities
- (6) Restriction on operation hours
- (7) Submission and implementation of run-in proposal
- (8) Provision of fire extinguisher(s)
- (9) No paint-spraying activities
- (10) Maintenance of peripheral fence wall
- (11) Submission and implementation of fire service installation proposals
- (12) No reversing of vehicles into or out from the Site
- (13) Maintenance of the vehicular access/run-in between the Site and the public road
- (14) The stacking height of the materials stored within 5 metres of the periphery of the Site should not exceed the height of the boundary fence
- (15) Maintenance of drainage facilities
- (16) Submission of the record of the existing drainage facilities

### Rejected Application

	<u>Application No.</u>	<u>Proposed Use(s)/ Development(s)</u>	<u>Date of Consideration (TPB)</u>	<u>Main Reasons for Rejection</u>
1	A/YL-KTS/19*	Open storage and maintenance of electricity generator and compressor	16.6.1995 (on review)	(1), (2), (3), (4), (5)

\*Under the zoning of then "U" on the Kam Tin South OZP. The zoning of the Site has been amended to "OU(RU)" on the draft Kam Tin South OZP No. S/YL-KTS/10 which was gazetted on 22.9.2006.

### Rejection Reasons:

- (1) the development did not comply with the Town Planning Guidelines for "Application for Open Storage and Port Back-up Uses"
- (2) the development was incompatible with the surrounding area
- (3) there was insufficient information to demonstrate the development would not cause adverse traffic and visual impact on the surrounding areas
- (4) the development may frustrate the planning of the alignment of the Western Corridor Railway
- (5) approval of the application would set an undesirable precedent for similar applications resulting in further degradation of the area

23.	A/YL-KTS/751	Temporary open storage of freezer vehicles, air-conditioned compartments and spare parts of cooling machinery components for vehicles for sale, and installation and maintenance workshop for freezer vehicles for a period of 3 years	2.3.2018	(1), (2), (4), (5), (8), (10), (12), (20)

	<u>Application No.</u>	<u>Proposed Use(s)/Development(s)</u>	<u>Date of Consideration By RNTPC/TPB</u>	<u>Approval Conditions</u>
24.	A/YL-KTS/757	Renewal of Planning Approval for Temporary Open Storage of Construction Machinery, Construction Material, Vehicle and Vehicle Parts for a Period of 3 Years	24.11.2017	(1), (2), (11)

Approval Conditions

- (1) No dismantling/maintenance/car washing/cleansing/assembling/repairing/paint spraying/ the workshop activities to be carried out on site
- (2) Restriction on operation hours/time
- (3) Provision/maintenance of boundary fence
- (4) Submission and implementation of landscape/tree preservation proposal or provision/maintenance/replacement of existing trees/ landscape planting or submission of six-monthly tree monitoring report
- (5) Submission and implementation of drainage proposal /maintenance of existing drainage facilities
- (6) Revocation of planning approval if condition is not complied with at any time/by specified date
- (7) Reinstatement of the site after the expiry of the planning approval
- (8) Submission and implementation of emergency vehicular access/water supply for fire fighting/fire service installations proposal
- (9) Setting back of the development
- (10) No medium or heavy vehicles or container trailers/tractors are allowed for the operation of the Site.
- (11) Restriction on stacking height of the materials stored within the Site.
- (12) Provision of fire extinguisher
- (13) Submission of the record of the existing drainage facilities
- (14) Submission of a run-in proposal at Kam Sheung Road and/or provision of a run-in at Kam Sheung Road
- (15) Implementation of the replacement tree planting
- (16) No vehicular reversing in or out from the site to Kam Sheung Road
- (17) Maintenance of access/run-in between the site and the public road
- (18) Stacking height of material within 5m of the periphery of the site should not exceed the height of the boundary fence
- (19) No reversing of vehicle into or out of the Site
- (20) No vehicle is allowed to queue back to or reverse onto/from of public road

**Rejected Applications**

	<b><u>Application No.</u></b>	<b><u>Proposed Use(s)</u></b>	<b><u>Date of Consideration (RNTPC)</u></b>	<b><u>Rejection Reasons</u></b>
1	A/YL-KTS/525	Temporary open storage of new coaches and new vehicles parts with ancillary workshop for a period of 3 years	2.9.2011	(4), (6)
2	A/YL-KTS/572	Proposed temporary open storage of construction materials, construction machinery and vehicle parts for a period of 3 years	10.8.2012	(1), (2), (3)
4	A/YL-KTS/589	Temporary open storage of machinery and containers for storing vehicle parts and mechanical parts for a period of 3 years	11.1.2013	(1), (2), (3)
5	A/YL-KTS/616	Temporary open storage of new coaches and new vehicle parts with ancillary workshop for a period of 1 year	5.9.2014 (on review)	(2), (3), (5)
7	A/YL-KTS/664	Proposed temporary open storage of private cars (including new right-hand drive and second hand cars) for sale for a period of 3 years	22.5.2015	(1), (2), (3)

**Rejection Reasons**

- (1) The development was not in line with the planning intention of the "OU(RU)" zone
- (2) The application did not comply with the Town Planning Board Guidelines for "Application for Open Storage and Port Back-up Uses" in that the development was not compatible with the surrounding land uses; no previous approval was granted; there were adverse departmental comments against the applied use; and/or the development would generate adverse environmental, drainage, landscape and traffic impacts
- (3) The approval of the application would set an undesirable precedent for similar uses to proliferate in the "OU(RU)" zone. The cumulative effect of approving such applications would result in a general degradation of the environment of the area
- (4) The continuation of the temporary open storage use at the Site would jeopardize the compatible permanent uses hence the planning intention of the "OU(RU)" zone and contradict with existing and future residential land uses in the vicinity

- (5) The continuation of the temporary open storage use at the site would not be compatible with permanent uses and hence jeopardise the materialisation of the planning intention of the "OU(RU)" zone
- (6) The application did not comply with TPB PG-No. 13E in that the applicant failed to demonstrate the genuine efforts in complying with the approval conditions of the previous applications, and that there were adverse departmental comments and public objections against the application

Good Practice Guidelines for Open Storage Sites

Good Practice Guidelines for Open Storage Sites

		Internal access for fire appliances	Lot boundaries (clear width)	Distance between storage cluster and temporary structure	Cluster size	Storage height
1.	Open Storage of Containers		2m	4.5m		
2.	Open Storage of non-combustibles or limited combustibles	4.5m	2m	4.5m		
3.	Open Storage of combustibles	4.5m	2m	4.5m	40m x 40m	3m

Remarks: Smoking and naked flame activities shall not be allowed within the open storage/recycling site.

Advisory Clauses

- (a) the Site should be kept in a clean and tidy condition at all time;
- (b) note DLO/YL, LandsD's comments that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The Site is accessible to Kam Sheung Road via Government Land (GL). His office provides no maintenance work for the GL involved and does not guarantee any right-of-way over the GL to the Site. The Site falls within Shek Kong Airfield Height Restriction Area (SKAHRA). The height of the proposed structure shall not exceed the relevant airfield height limit within SKAHRA. The STW holder(s) will need to apply to his office for modification of the STW conditions if there is any irregularities on site. Such application(s) will be considered by LandsD acting in the capacity as the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by LandsD;
- (c) note C for T's comments that the Site is connected to the public road network via a piece of GL which is not managed by the Transport Department (TD). The land status of this GL should be checked with LandsD. Moreover, the management and maintenance responsibilities of this GL should be clarified with the relevant lands and maintenance authorities accordingly;
- (d) note CHE/NTW, HyD's comments that his department does not and will not maintain any access connecting the Site and Kam Sheung Road. Adequate drainage measures should be provided to prevent surface water running from the Site to nearby public roads and drains;
- (e) to follow the latest "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" issued by the DEP to minimize any potential environmental nuisances;
- (f) note CBS/NTW, BD's comments that before any new building works (including containers/open sheds as temporary buildings) are to be carried out on the Site, prior approval and consent of the BD should be obtained, otherwise, they are unauthorized building works (UBW). An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the Buildings Ordinance (BO). If the existing structures (not being a New Territories Exempted House) are erected on leased land without approval of his department, they are unauthorized under the BO and should not be designated for any approved use under the application. For UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5 m wide, its permitted

development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage;

- (g) note DAFC's comments that the applicant is reminded to adopt good site practice and implement necessary measures as far as practicable to prevent polluting the adjacent watercourse which would connect to a nearby channel with gabion linings as ecological mitigations measures; and
- (h) note D of FS's comments that in consideration of the design/nature of the proposal, FSIs are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSIs to be installed should be clearly marked on the layout plans. Also, good practice guidelines for open storage should be adhered to. Moreover, to address the condition on provision of fire extinguisher(s), the applicant should submit a valid fire certificate (FS251) to his department for approval. The applicant is reminded that if the proposed structure(s) is required to comply with the BO (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans.
