

Advisory Clauses

- (a) prior planning permission should have been obtained before commencing the applied use at the Site.
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
 - (i) the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
 - (ii) the Site falls within the Shui Lau Tin Site of Archaeological Interest (**Plan A-1**); and
 - (iii) the lot owner(s) will need to apply to his office to permit the structure(s) to be erected or regularize any irregularities on site, if any. Besides, given the applied use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by LandsD acting in the capacity as the landlord or lessor at its sole discretion and there is no guarantee that such application(s) will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by LandsD.
- (c) to note the comments of the Commissioner for Transport (C for T) that the Site is connected to the public road network via a section of a local access road which is not managed by the Transport Department (TD). The land status of the local access road should be checked with LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly.
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains.
- (e) to note the comments of the Director of Environmental Protection (DEP) to follow the relevant mitigation measures and requirements in the revised “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” issued by his department to minimise any potential environmental nuisances.
- (f) to note the comments of the Antiquities and Monuments Office, Development Bureau (AMO, DEVB) that the applicant is required to inform AMO immediately if any antiquities or supposed antiquities are discovered within the Site during the course of works for the applied development and filling of land. Inspections by AMO may be conducted during the course of work.
- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:

- (i) before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the Building Authority (BA) should be obtained, otherwise they are unauthorized building works (UBW) under the Buildings Ordinance (BO). An Authorized Person (AP) should be appointed as the coordinator for the proposed building works in accordance with the BO;
 - (ii) for UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;
 - (iii) the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively;
 - (iv) the Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at building plan submission stage;
 - (v) any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R; and
 - (vi) detailed checking under the BO will be carried out at building plan submission stage.
- (h) to note the comments of the Director of Fire Services (D of FS) that:
- (i) in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location where the proposed FSI to be installed should be clearly marked on the layout plans; and
 - (ii) the applicant is reminded that if the proposed structure(s) is required to comply with BO, detailed fire service requirements will be formulated upon receipt of formal submission of general building plans.
