Dear Sirs,

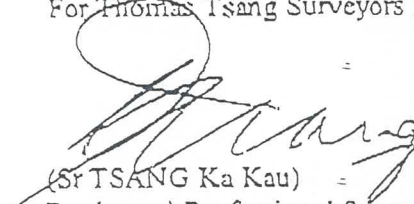

Proposed House and the associated Excavation of Land  
(1m depth) for footing and (3m deep) for septic tank system in "Green Belt" zone  
Lots 330, 331RP(Part), 332S.B and 333S.B in D.D. 225,  
Pak To Avenue, Clear Water Bay, Sai Kung, New Territories.

I refer to your letter date 6 August 2018 and note that the Town Planning Board has tentatively scheduled the above application for consideration on 21 September 2018.

Recently, my consultants told me that they will need some time to resolve a few outstanding technical issues raised by some government offices. In this connection, please kindly arrange a deferment of consideration of the application for two months.

Thank you for your attention.

Yours faithfully,  
For Thomas Tsang Surveyors Limited
