Dear Sir/Madam,

**Section 16 Planning Application**  
**Proposed Slope Stabilisation (Soil Nailing) Works on Government Land**  
**to enable a Permitted "House (New Territories Exempted House only)" Redevelopment**  
**at Lot No. 714 in DD 247 in Tai Lam Wu, Ho Chung**  
**[TPB Ref.: A/SK-HC/286]**

Reference is made to the captioned S16 Planning Application submitted to the Town Planning Board ("TPB") on 5 March 2018 and various departmental comments received.

Having reviewed the comments made by the Geotechnical Engineering Office, we understand that we have to substantiate our argument by providing more in depth engineering calculations for each option in order to demonstrate that the soil nailing proposal is the only viable option. In light of the aforementioned, the Applicant sincerely requests a 2-month deferral of the TPB decision on this Application.

Meanwhile, should you have any queries in relation to the attached, please do not hesitate to contact the undersigned or Ms Gladys Ng at [REDACTED]

Thank you for your kind attention.

Yours faithfully  
For and on behalf of
