Dear Sir / Madam,

I write concerning our Planning Application No. A/NE-HH/2 covering bioarchaeological research in the environs of Hoi Ha lime kilns in D.D. 283, Sai Kung, NT.

We have just received comments on the planning application from the Antiquities and Monuments Office that will require the preparation of an Archaeological Impact Assessment (AIA).

Therefore in order to allow us time to discuss this matter further with the AMO and prepare our response, I would kindly request that we be allowed a period of 2-months' deferral (i.e. until 20th September) of the planning application.

I look forward to hearing from you following the Town Planning Board's next meeting on Friday 20th July.

Yours faithfully,

Mick Atha

Authorized Agent acting for Swire Institute of Marine Science (The Applicant)
