Dear Sir/Madam,

We must apologies for the inconvenience caused and please withdraw the previous email on 22/7 14:53 as there is insufficient information. Due to the latesed solar system assessment criteria published by TBP, we need more time to modify and update the document for submission. Therefore, we would like to delay the application of A/NE-KLH/588 for two months so as for further arrangement.

Best regards
Jay Lam
