The applied use ceased operation or there was a change of use of the Premises under application. Hence, the planning permission granted had lapsed.

Approval Conditions

- (a) The arrangement of the vehicular access to and from the subject showroom will be to the satisfaction of the Commissioner for Transport or of the Town Planning Board.
- (b) The submission of the fire service installations proposal within six months from the date of approval to the satisfaction of the Director of Fire Services or of the Town Planning Board.
- (c) The implementation of fire service installations within nine months from the date of approval to the satisfaction of the Director of Fire Services or of the Town Planning Board.
- (d) If any of the above planning conditions (b) or (c) is not complied with by the specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice.

Recommended Advisory Clauses

- (a) prior planning permission should have been obtained before commencing the applied use at the application premises;
- (b) a temporary approval of three years is given in order to allow the Committee to monitor the compliance of the approval conditions and the supply and demand of industrial floor space in the area to ensure that the long term planning intention of industrial use for the subject premises will not be jeopardized;
- (c) to apply to the District Lands Officer/Shia Tin, Lands Department (DLO/ST, LandsD) for a temporary waiver to permit the applied use. Such application, if received, will be considered by LandsD acting in its capacity as the landlord at its sole discretion and any approval given will be subject to such terms and conditions including, inter alia, payment of waiver fee and administrative fee as may be imposed by LandsD;
- (d) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department that:
 - (i) the use shall comply with the requirements under the Buildings Ordinance. For instance, the shop shall be separated from adjoining workshops by fire barriers with Fire Resistance Rating of 120 minutes, and the means of escape of the existing adjoining workshop shall not be adversely affected; and
 - (ii) the subdivision of the unit/ premises should comply with the provisions of Buildings Ordinance/ Building (Minor Works) Regulations. The applicant should engage a registered building professional under the Buildings Ordinance to co-ordinate the building works, if any.
- (e) to note the comments of the Director of Fire Services that detailed fire safety requirements will be formulated upon receipt of formal submission of general building plans.
