Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises government land (GL) and an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. Within the Site, the GL is currently covered by Short Term Tenancies (STTs) No. 2972, 2973 and 2974, while Lot 774 in D.D. 119 is currently covered by Short Term Waiver (STW) No. 4507 to permit structures erected thereon for the purposes of “Temporary Warehouse for Storage of Construction Material and Scrap Metal”, “Temporary Warehouse for Storage of Construction Material”, “Temporary Warehouse for Storage of Construction Material and Used Electrical Appliances” and “Temporary Warehouse (excluding dangerous goods godown)” respectively. The STW/STT holder(s) will need to apply to her office for modification of the STW/STT conditions where appropriate. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by her department;
- (c) to note the comments of the Commissioner for Transport that the land status of the road/path/track leading to the Site from Kung Um Road shall be checked with the lands authority. Sufficient space should be provided within the Site for manoeuvring of vehicles. In addition, no parking of vehicles on public road are allowed;
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to the nearby public roads/drains. You shall rectify the drainage system if they are found to be inadequate or ineffective during operation. Furthermore, you shall be liable for and shall indemnify claims and demands arising out of damage or nuisance caused by a failure of the drainage system. The proposed development would neither obstruct overland flow nor adversely affect any existing natural streams, village drains, ditches and the adjacent areas. DLO/YL, LandsD should be consulted and consent from the relevant lot owners should be sought for

any works to be carried out outside your lot boundary before commencement of the drainage works;

For UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO.
