	<u>Application No.</u>	<u>Proposed Use(s)/Development(s)</u>	<u>Date of Consideration (RNTPC/TPB)</u>	<u>Rejection Reason(s)</u>
2	A/YL-TYST/922	Temporary Warehouse for Storage of Exhibition Materials, Furniture, Wooden Products, Construction Materials, and Vehicle and Electronic Parts for a Period of 3 Years	2.11.2018	(3), (4)

Rejection Reason(s):

- (1) No/insufficient information in the submission to demonstrate that the development would not generate adverse environmental impact.
- (2) No/insufficient information in the submission to demonstrate that the development would not generate adverse drainage impact.
- (3) No/insufficient information in the submission to demonstrate that the development would not generate fire safety impact.
- (4) The application involves previously revoked planning permissions due to non-compliance with the approval conditions. Approval of the application with repeated non-compliances would set an undesirable precedent for other similar planning permissions for temporary uses, nullifying statutory planning control.

Detailed Comments of the Chief Engineer/Mainland North, Drainage Services Department

Comments of the Chief Engineer/Mainland North, Drainage Services Department:

He has the following comments on the submitted drainage proposal (**Drawing A-4**):

- (a) The invert levels of the proposed catchpits should be shown on the drainage plan for reference.
- (b) It is noted that a 375mm surface U-channel is proposed to connect to an existing natural stream. Please provide the length and alignment of this proposed surface U-channel and show that it is adequate to collect the surface runoff along its path.
- (c) The existing drainage facilities, to which the stormwater of the development from the Site would discharge, are not maintained by his office. The applicant should identify the owner of the existing drainage facilities to which the proposed connection will be made and obtain consent from the owner prior to commencement of the proposal works. In the case that it is a local village drains, District Officer (Yuen Long) should be consulted.
- (d) The applicant should check and ensure the hydraulic capacity of the existing drainage facilities would not be adversely affected by the development.
- (e) The location and details of the proposed hoarding/peripheral wall should be shown on the proposed drainage plan.
- (f) Standard details should be provided to indicate the sectional details of the proposed u-channel and the catchpit.
- (g) Sand trap or provision alike should be provided before the collected runoff is discharged to the public drainage facilities.
- (h) The development should neither obstruct overland flow nor adversely affect existing natural streams, village drains, ditches and the adjacent areas, etc.
- (i) The applicant should consult District Lands Officer/Yuen Long and seek consent from the relevant owners for any drainage works to be carried out outside his lot boundary before commencement of the drainage works.

Advisory clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The Site is accessible to Kung Um Road via Government land (GL) and private land. Her office does not provide maintenance work for GL involved and does not guarantee any right-of-way over the GL to the Site. The lot owner(s) will need to apply to her office to permit the structures to be erected or regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. No construction of New Territories Exempted Building(s) will be considered or allowed. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by her department;
- (c) to note the comments of the Commissioner for Transport that the land status of the access road/path/track leading to the Site from Kung Um Road shall be checked with the lands authority. The management and maintenance responsibilities of the access road/path/track shall be clarified with the relevant management and maintenance authorities accordingly. The applicant is reminded that sufficient space within the Site should be provided for manoeuvring of vehicles. In addition, no parking, queuing and reverse movement of vehicles on public road are allowed;
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to the nearby public road/drains. His office shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road;
- (e) to note the comments of the Director of Agriculture, Fisheries and Conservation that the applicant should be advised to adopt appropriate measures to avoid causing disturbance to the wooded area in the "Green Belt" zone to the west of the Site;
- (f) to follow the latest "Code of Practice on Handling the Environmental Aspects of Temporary uses and Open Storages Sites" issued by the Environment Protection Department to minimize any potential environmental nuisances;
- (g) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department that The invert levels of the proposed catchpits should be shown on the drainage plan for reference. It is noted that a 375mm surface U-channel is proposed to connect to an existing natural stream. Please provide the length and alignment of this proposed surface U-channel and show that it is adequate to collect the surface runoff along its path. The existing drainage facilities, to which the stormwater of the development from the Site would discharge, are not maintained by his office. The applicant should identify the owner of the existing drainage facilities to which the proposed connection will be made and obtain consent from the owner prior to commencement of the proposal works. In the case that it is a local village drains, District Officer (Yuen Long) should be consulted. The applicant should check and ensure

the hydraulic capacity of the existing drainage facilities would not be adversely affected by the development. The location and details of the proposed hoarding/peripheral wall should be shown on the proposed drainage plan. Standard details should be provided to indicate the sectional details of the proposed u-channel and the catchpit. Sand trap or provision alike should be provided before the collected runoff is discharged to the public drainage facilities. The development should neither obstruct overland flow nor adversely affect existing natural streams, village drains, ditches and the adjacent areas, etc. The applicant should consult DLO/YL and seek consent from the relevant owners for any drainage works to be carried out outside his lot boundary before commencement of the drainage works;

- (h) to note the comments of the Chief Engineer/Construction, Water Supplies Department that the Site is outside the existing fresh water supply zone;
- (i) to note the comments of the Director of Fire Services that in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. The applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy and the location of where the proposed FSIs to be installed should also be clearly marked on the layout plans. The applicant is also reminded that if the proposed structure(s) is required to comply with Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans; and
- (j) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department that before any new building works (including containers/open sheds as temporary buildings and land filling) are to be carried out on the Site, prior approval and consent of his department should be obtained, otherwise they are unauthorized building works (UBW) under the BO. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. For UBW erected on leased land, enforcement action may be taken by his department to effect their removal in accordance with his department's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage.
