**Advisory clauses**

- (a) prior planning permission should have been obtained before commencing the applied use at the application site (the Site);
- (b) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. No permission is given for occupation of government land (GL) (about 109 m<sup>2</sup> subject to verification) included in the Site. Any occupation of GL without Government's prior approval is not allowed. With the implementation of the tightened arrangements for handling regularisation applications, her department will no longer accept application for regularisation of new or extension of unlawful occupation of GL or erection of new structures which is found commenced on or after 28.3.2017. The Site is accessible from Kung Um Road via GL. Her office provides no maintenance works for GL involved and does not guarantee any right-of-way over the GL to the Site. The lot owner(s) will need to apply to her office to permit the structures to be erected or regularise any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. No construction of New Territories Exempted Building(s) will be considered or allowed. Furthermore, the applicant has to either exclude the GL from the Site or apply for a formal approval prior to the actual occupation of the GL. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by her department;
- (d) to note the comments of the Commissioner for Transport that the land status of the access road/path/track leading to the Site from Kung Um Road should be checked with the lands authority. The management and maintenance responsibilities of the access road/path/track should be clarified and consulted with the relevant management and maintenance authorities accordingly. Sufficient space should be provided within the Site for manoeuvring of vehicles. In addition, no parking of vehicles on public road are allowed;
- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. His department shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road;
- (f) to note the comments of the Director of Environmental Protection that the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites" issued by the Environmental Protection Department should be followed to minimise any potential environmental nuisances;

- (g) to note the comments of the Director of Fire Services that in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. Relevant layout plans incorporated with the proposed FSIs should be submitted to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSIs to be installed should also be clearly marked on the layout plans. If the proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (h) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without approval of the Buildings Authority (BA), they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of B(P)R at the building plan submission stage; and
- (i) to note the comments of the Project Manager (West), Civil Engineering and Development Department that the Site falls within the boundary of the proposed Yuen Long South (YLS) Development – Stage 2. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong. Extension of the planning permission may not be supported in future when the detailed implementation programme of works in the Site under YLS Development – Stage 2 is formulated.
