Rep. No. TPB/R/S/TP/27-	Subject of Representations	Representer's Proposed Amendments/Proposals	Comment No. TPB/R/S/TP/27-	Gist of Comments
<b>Representations and Comments related to <u>Amendment Item C</u> for revision to the stipulated building height restriction for a site zoned “G/IC” at On Pong Road:</b> R1 (part), R2 (part), R1270 to R1304 (a total of 37 representations); C1 (part) (a total of one comment); and another C2 (part) providing general comments on the draft OZP				
<i>Supportive Representation</i>				
R1 (part)	Supports Amendment Item C without specifying any grounds.  <u>Local Consultation:</u> The Planning Department (PlanD) and Town Planning Board (TPB) have not made any amendments to the amendment item and disregarded the views of the stakeholders and locals. The relevant Government departments should timely consult the Environment, Housing and Works Committee (EHWC) of Tai Po District Council (TPDC) and local residents on provision of necessary community facilities.	<u>Provision of Facilities:</u> To provide various GIC facilities (such as medical, leisure, cultural, recreation and social welfare facilities as well as car park) at the Amendment Item C site to meet the community needs.	Nil	
<i>Representations providing Comments</i>				
R2 (part)	Provides comments on Amendment Item C:  <u>Function of the “G/IC” Zone and Local Consultation:</u> The function of “G/IC” zones to provide visual relief and ventilation to crowded areas and the reservations of local residents should be taken into account.	Nil	Nil	
R1270	Provides comments on Amendment Item C:  According to the views solicited by R1270, the supporting ones are largely from the local residents, except those of Block 16 of Tai Po Centre with direct impact from the amendment item, considering that it can provide more services to the local residents and better utilize the land.  According to the views solicited by R1270, the opposing ones are mainly from Blocks 14, 16 and 17 of Tai Po Centre with direct impact from the amendment item, on the major grounds that it would increase the traffic burden of the area in view of the existing traffic congestion, increase the pedestrian flow which would cause inconvenience to the local residents, cause visual and air ventilation impacts given that the proposed clinic building is too close to residential buildings and would transmit the disease.	<u>Provision of Facilities:</u> (a) To provide additional GIC facilities such as library, study room, Government offices, community and social welfare facilities, etc in a small to medium scale complex building; and  (b) To provide underground car parks at the site.	C1 (part) supports all the representations opposing the draft OZP.	C1 (part)'s major views include that the traffic capacity and community facilities in Tai Po are overloaded.

R1272 to R1304	<p>Oppose Amendment Item C:</p> <p><u>Land Use Planning:</u></p> <p>(a) It is not suitable for provision of community facilities at the Amendment Item C site in Tai Po Centre with many residences;</p> <p>(b) The proposed services such as maternal and child health centre and student health service do not meet the residents' need; and</p> <p>(c) No information on detailed uses of the proposed clinic building and other possible community facilities. 	<p>quality of the local residents.</p> <p><u>Air Pollution and Ventilation:</u>  (f) The site serves as a breathing space within a high-density and high-rise area. Increasing the BH at the site would adversely affect air ventilation, hence would not help dispersal of the existing air pollutants and smoke from the eating places and increasing traffic flow in the area, and not allow penetration of sunlight.</p> <p><u>Local Consultation:</u>  (g) Views of local residents on the proposed increase in BH have been disregarded.</p>			
<b>Providing Comments without Specifying Related Representation</b>				
			C2 is submitted by R2 and does not specify the representation to which it relates.	C2's major views include the TPB should ensure that each district has sufficient G/IC sites to meet the requirements for community facilities, respect public opinion and demand solid facts and data from Government departments to substantiate their claims.

<i>Representations providing Comments/Adverse Representations</i>				
R1 (part)	<p>Opposes Amendment Item A and Provides comments on Amendment Item B:</p> <p><u>Land Use Planning:</u></p> <p>(a) There are quite a number of land parcels in Area 39 available for development. 	<p><u>Education and Community Facilities:</u></p> <p>(b) Regarding Amendment Item A, there is only one Vocational Training Council (VTC) facility in Sha Tin of the New Territories East with a population of over 1.3 million. Besides, there is a shortage of hospital beds in the district and the needs of aging population for medical services must be addressed.</p> <p><u>Land Use Planning:</u></p> <p>(c) There seems no reason for not providing non-luxurious housing at the Amendment Item B site.</p> <p><u>Flooding Risk:</u></p> <p>(d) There is a concern about flooding risk of the natural streams on the hillside of the Amendment Item B site.</p>	<p>restriction to allow views and ventilation for the residential developments behind; and</p> <p>(b) To provide a low rise elderly care centre at the Amendment Item B site.</p>	<p>C5 to C15 relate to R2 on Amendment Item A.</p>	<p>facilities.</p> <p>C5 to C15's major ground is similar to that raised by R2 on insufficient provision of education facilities, and they propose to retain the Amendment Item A site for the new VTC campus as currently proposed in Kai Tak.</p>
R3 (part)	<p>Partly opposes Amendment Item A and Opposes Amendment Item B:</p> <p><u>Development Restrictions/Requirements:</u></p> <p>(a) The proposed development densities for the Amendment Items A and B sites (i.e. a maximum GFA of 88,200 m<sup>2</sup> which is merely a PR of 2.3 for the site area of about 3.81 ha and a maximum PR of 1.2 respectively) are very low, given the PRs of 3.0 to 3.6 for the "R(B)" zones to the northeast of Tolo Highway in Pak Shek Kok. Land should be well utilized;</p> <p>(b) To adopt a stepped height concept with decreasing BHs from foothill towards the waterfront area (i.e. Tolo Harbour) according to the Hong Kong Planning Standards and Guidelines, and given the BH restrictions of 65mPD for the "R(B)6" site located to the northeast of Tolo Highway and 52mPD for the "R(B)5" site along the waterfront in Pak Shek Kok, the BH restriction of the Amendment Item A site could be relaxed to allow for more flexibility in the design of the future development. As the Amendment Item B site is situated further inland with the Deerhill Bay on a higher level as a backdrop, its BH restriction could be relaxed according to the stepped height concept; and</p> <p>(c) The setback and non-building area (NBA) requirements for Amendment Item A in the Explanatory Statement</p>	<p><u>Development Restrictions/Requirements:</u></p> <p>(a) Regarding Amendment Item A, to revise the maximum GFA from 88,200 m<sup>2</sup> to a maximum PR restriction of 3.6 (of which a maximum PR of 0.6 is for non-domestic use for retail purpose); and to revise the BH restriction from 50mPD to 70mPD;</p> <p>(b) Regarding Amendment Item B, to revise the maximum PR from 1.2 to 3.0; and to revise the maximum BHs from 55mPD to 75mPD (northern portion) and from 65mPD to 90mPD (southern portion); and</p> <p>(c) To remove the setback and NBA restrictions and to specify that the provision for air ventilation purpose should be subject to the submission of an AVA as a requirement in the future lease/land grant.</p>	<p>See C1 (part) and C3 (part) related to R3 (part) above.</p>	<p>See C1 (part) and C3 (part) related to R3 (part) above.</p>

	(ES) of the draft OZP, which are derived from the recommendations of a Government's Air Ventilation Assessment (AVA) based on an indicative scheme, are arbitrary and will set unnecessary constraints in the design of the future development.			
R4 (part)	<p>Opposes Amendment Items A and B:</p> <p><u>Land Use Planning:</u></p> <p>(a) There are quite a number of land parcels in Area 39 and its vicinity available for development. The planning of Area 39 is not comprehensive, and the lack of community facilities and linkages and piecemeal developments do not address the community needs but lead to negative outcome.</p> <p><u>Traffic and Transport Issues:</u></p> <p>(b) Tolo Highway has been seriously congested and will be overloaded. The road network near the University Railway Station and its adjoining bus terminus is also heavily overloaded; and</p> <p>(c) Bus interchange near Providence Peak and footbridges linking the planned residential developments to the railway station should be provided.</p>	<p><u>Amendment Items:</u></p> <p>To temporarily suspend the draft OZP.</p> <p><u>Land Use Planning:</u></p> <p>To have a long term planning for development of Area 39 with reference to other new towns to provide a railway station near Pak Shek Kok with residential development above, in order to improve the overall traffic conditions and public transportation.</p>	See C1 (part) and C3 (part) related to R3 (part) above.	See C1 (part) and C3 (part) related to R3 (part) above.
R5 (part), R6 (part), R7 to R12 and R15 to R28	<p>Oppose both Amendment Items A and B:</p> <p><u>Land Use Planning:</u></p> <p>(a) There are quite a number of land parcels in Area 39 and its vicinity available for development. The planning of Area 39 is not comprehensive without providing connections among the housing estates. The planning of undeveloped land in Area 39 should be studied by the Task Force on Land Supply.</p> <p><u>Traffic and Transport Issues:</u></p> <p>(b) There are insufficient transport facilities/services and car parking spaces in the area and the village road is already overloaded. The traffic impact of the proposed developments on the access road of Tai Po Mei and Cheung Shue Tan Villages to Tolo Highway has not been assessed.</p>	<p><u>Amendment Items:</u></p> <p>(a) To suspend Amendment Items A and B or cancel Amendment Item A.</p> <p><u>Land Use Planning:</u></p> <p>(b) To have a long term comprehensive planning for development of Area 39 and its vicinity with reference to Ma On Shan New Town or Sha Tin New Town including provision of a railway station, improvement of the transport facilities/services such as car park, and enhancement of community facilities such as shopping mall.</p>	See C1 (part) and C3 (part) related to R3 (part) above. 	<p><u>Visual Impact and Air Ventilation:</u> (c) The proposed developments will cause visual impact and create wall effect affecting air ventilation and environment of the area.</p> <p><u>Ecological Impact:</u> (d) The proposed developments will have ecological impact on the natural streams of Tai Po Mei and Cheung Shue Tan Villages.</p> <p><u>Fung Shui Impact:</u> (e) Hip Tin Temple, ancestral halls, burial ground and stream course form a good “fung shui” belt of Tai Po Mei and Cheung Shue Tan Villages, but its integrity will be affected by the proposed developments.</p> <p><u>Local Consultation:</u> (f) PlanD and TPB have not made any amendments to the amendment items and disregarded the views of the stakeholders and locals. The Government should re-start the consultation process.</p> <p><u>Rights of Indigenous Villagers for Building Small Houses:</u> (g) Regarding Amendment Item A, agricultural and building lots in the previous “Village Type Development” (“V”) zone of Tai Po Mei and Cheung Shue Tan Villages were resumed by Government at a low price under the Public Works Programme (PWP) Item No. 713CL for public works and GIC use, which are now changed for private residential development to be sold at a high price. However, the Government has disregarded the villagers’ request for expanding the “V” zone as compensation or returning the land in ‘VE’ to them. This is unfair to the rights of indigenous villagers for building Small Houses. Besides, the Government has neglected the needs of the two villages for the infrastructural facilities such as sewage treatment facility.</p>

<i>Adverse Representations</i>				
R3 (part)	Partly opposes Amendment Item D:  <u>Development Restrictions:</u> The proposed development density for the Amendment Item D site (i.e. a maximum GFA of 72,640 m <sup>2</sup> which is equivalent to a PR of approximately 3.3 for the site area of about 2.28 ha) is very low. Land should be well utilized.	<u>Development Restrictions:</u> To revise the maximum GFA to a maximum PR of 3.6.	See C1 (part) and C3 (part) related to R31 above.	See C1 (part) and C3 (part) related to R31 above.
R1 (part)	Opposes Amendment Item D:  <u>Local Consultation:</u> PlanD and TPB have not made any amendments to this amendment item and not responded to the concerns of the local residents on insufficient transport and community facilities/services. The DC, incumbent DC Members, local residents and stakeholders should be duly consulted and their views should be respected.	Nil	See C1 (part) and C3 (part) related to R31 above.	See C1 (part) and C3 (part) related to R31 above.
R2 (part)	Opposes Amendment Item D:  <u>Government Policy on Land Supply:</u> (a) There seems no reason for the Government to continue to destroy the natural resources of 400 trees in the "GB" zone for provision of more sites. Brownfield sites will never be upgraded while this policy exists. The TPB should encourage the release of hoarded land; and (b) There is a lack of coherent land policy that serves the whole community and provides essential facilities, instead of having piecemeal developments.	Nil	See C1 (part) and C3 (part) related to R31 above.	See C1 (part) and C3 (part) related to R31 above.
R4 (part), R5 (part) and R32 to R39	Oppose Amendment Item D:  <u>Government Policy on Land Supply:</u> (a) The Government should exhaust all the Government land and brownfield sites for development prior to rezoning of "GB", which should be the last resort.  <u>Function of the "GB" Zone and Landscape Impact:</u> (b) The local residents purchased the flats of Classical Gardens for its "GB" zoning. The proposed development would narrow down the buffer between urban and rural areas. This would not only lead to extensive tree felling, but also affect the function of "GB" zone as a 'city lung'	<u>Amendment Item:</u> (a) To reject and cancel Amendment Item D; and (b) To address the local concerns on adverse impacts of the proposed development and provision of transport and other supporting facilities/services prior to proceeding of Amendment Item D.  <u>Development</u>	See C1 (part) and C3 (part) related to R31 above. It will overload the traffic burden of Ma Wo Road (which was saturated as advised by the Transport Department (TD) in 2002), and also aggravate the existing traffic congestion near Tai Po Market Railway Station during daily peak hours;</p> <p>(d) The transport services provided by the residents' shuttle and green minibus (GMB) connecting the area with Tai Po Market and Railway Station are inadequate during peak hours, and such problem will become more serious due to the proposed development;</p> <p>(e) The proposed development would aggravate the existing problems of shortage of public car parking spaces and illegal parking activities along Ma Wo Road; and</p> <p>(f) The provision of transport facilities/services should be improved such as to increase the frequency of residents' shuttle, to construct a new road linking to Tolo Highway and to increase provision of car parking spaces.</p> <p><u>Visual and Air Ventilation Impacts:</u></p> <p>(g) The possible wall buildings of the proposed development would cause adverse visual impacts, block daylight of the existing residential buildings, affect air ventilation and worsen the air pollution from Chung Woo Ching Sai, and hence degrade the living quality of local residents.</p> <p><u>Other Impacts and Relevant Technical Assessments:</u></p> <p>(h) The public sewerage system in the area does not have any capacity for the proposed development;</p> <p>(i) The proposed development would cause other permanent adverse impacts on the surrounding area on the ecological, environmental, drainage, slope stability, public order and hygiene aspects; and</p> <p>(j) There are no relevant impact assessments on air quality, landscape and ecological aspects.</p>	<p><u>Restrictions/Requirements:</u></p> <p>(c) To further lower the maximum BH; and</p> <p>(d) To incorporate relevant clauses to prevent wall buildings and require provision of large amount of greening and open space within the proposed development.</p>

	<p><u>Supporting GIC Facilities:</u></p> <p>(k) There has been a lack of supporting GIC facilities in particular recreation and sports facilities in the locality of the Amendment Item D site, such situation would be worsened by an increase of around 3,000 population from the proposed development; and</p> <p>(l) The provision of public facilities for the local residents should be improved, specifically the projects of sports centre and open space of the ex-Regional Council in the area should be implemented.</p> <p><u>Clearance/Relocation of Squatters and Graves:</u></p> <p>(m) There are quite a number of squatters where the households have been living for decades and graves in the Amendment Item D site. Rep. No. TPB/R/S/TP/27-	Subject of Representations	Representer's Proposed Amendments/Proposals	Comment No. TPB/R/S/TP/27-	Gist of Comments
	<p>(c) Piecemeal development for high priced private housing would not help address the housing supply problem.</p> <p><u>Function of the "GB" Zone and Landscape Impact:</u></p> <p>(d) The local residents purchased the flats in the area for its "GB" zoning. There is no strong planning justification for a departure from the planning intention of the "GB" zone. The proposed development would narrow down the buffer between urban and rural areas. This would not only lead to extensive tree felling, but also affect the function of "GB" zone as 'city lung' and to reduce the urban heat island effect, destroy its integrity and the green landscape of the area.</p> <p><u>Development Restrictions:</u></p> <p>(e) It is considered or doubted that the high intensity and BH of the proposed development are incompatible with the surrounding area and there may be further increase in its development density.</p> <p><u>Traffic and Transport Issues:</u></p> <p>(f) The proposed residential development with 1,210 flats for a wealthier group would substantially increase the number of private cars in the area. It will overload the traffic burden of Ma Wo Road (which was saturated as advised by TD in 2002) and its nearby roads, and also aggravate the existing traffic congestion near Tai Po Market Railway Station during daily peak hours;</p> <p>(g) The proposed development would lead to the problems of blocking of emergency vehicular access and traffic safety;</p> <p>(h) The transport services provided by the residents' shuttle and GMB connecting the area with Tai Po Market and Railway Station are inadequate during peak hours, and such problem will become more serious due to the proposed development;</p> <p>(i) The proposed development would aggravate the existing problems of shortage of public car parking spaces and illegal parking activities along Ma Wo Road;</p> <p>(j) The frequency of GMB service should be increased and its route should be extended to Tai Po Centre;</p>	<p><u>Land Use Planning:</u></p> <p>(c) To consider other locations for development such as the golf course in Fanling, and the "G/IC" site near Classical Gardens II;</p> <p>(d) To retain the "GB" zone for implementation; and</p> <p>(e) To provide recreation and sports facilities at the Amendment Item D site.</p> <p><u>Development Restrictions/Requirements:</u></p> <p>(f) To provide guidance to prevent wall buildings in the Amendment Item D site.</p>		

Rep. No. TPB/R/S/TP/27-	Subject of Representations	Representer's Proposed Amendments/Proposals	Comment No. TPB/R/S/TP/27-	Gist of Comments
	<p>(k) New roads should be constructed linking to highways and Tai Wo Railway Station; and</p> <p>(l) As for the Amendment Item D site, its part linking to the narrow Ma Wo Road is too small for provision of pedestrian and vehicular access.</p> <p><u>Visual and Air Ventilation Impacts:</u></p> <p>(m) The possible wall buildings of the proposed development would cause adverse visual impacts, block daylight of the existing residential buildings, affect air ventilation and worsen the air pollution from Chung Woo Ching Sai, and hence degrade the living environment and quality of local residents.</p> <p><u>Other Impacts and Relevant Technical Assessments:</u></p> <p>(n) The public sewerage system in the area does not have any capacity for the proposed development;</p> <p>(o) The proposed development would cause other permanent adverse impacts on the surrounding area on the ecological, environmental, drainage, slope stability, public order and hygiene aspects;</p> <p>(p) Other concerns include cumulative traffic and environmental impacts arising from the undesirable precedent set by the proposed development for similar developments in the area, nuisances such as air pollution and noise during construction and cultural difference in the area as a result of additional population;</p> <p>(q) The proposed development is subject to the noise and air pollution arising from the traffic of Tolo Highway; and</p> <p>(r) There are no relevant impact assessments on traffic, environmental (including air quality), visual, landscape, geotechnical, drainage, sewerage and risk aspects.</p> <p><u>Supporting GIC Facilities:</u></p> <p>(s) There has been a lack of supporting GIC facilities in particular recreation and sports facilities in the locality of the Amendment Item D site, such situation would be worsened by an increase of around 3,000 population from the proposed development.</p> <p>(t) Consideration should be given to provide recreation and sports facilities in the area.</p>			

Rep. No. TPB/R/S/TP/27-	Subject of Representations	Representer's Proposed Amendments/Proposals	Comment No. TPB/R/S/TP/27-	Gist of Comments
	<p><u>Clearance/Relocation of Squatters and Graves:</u></p> <p>(u) There are quite a number of squatters where the households have been living for decades and graves in the Amendment Item D site and the proposed development would destroy their residences. The Government should properly address the matters of their clearance/relocation.</p> <p>Other Concerns related to Chung Woo Ching Sai:</p> <p>(v) There may be collusion between the Government and business sector since land resumption is only confined to the small and piecemeal land parcels outside Chung Woo Ching Sai, which may subsequently be granted by the Government to Chung Woo Ching Sai for its expansion rather than for the proposed development.</p> <p><u>Local Consultation:</u></p> <p>(w) There are insufficient local consultation and strong objection to the proposed development from the locals. Their views have been disregarded but should be respected.</p>
