

Supplementary Statement

1) Background

- 1.1 The applicant seeks planning permission from the Town Planning Board (the Board) to use Lots 3216 RP and 3218 in D.D. 129, Fung Kong Tsuen, Yuen Long, New Territories (the Site) for '**Proposed Temporary Public Vehicle Park (Excluding Container Vehicle) with Ancillary Facilities for a Period of 5 Years**' (proposed development) (**Plan 1**).
- 1.2 The Site is located in close vicinity of some existing residential development (i.e. Fung Kong Tsuen) and brownfield operations, which demand for public parking spaces has always been high. Although public franchised buses are provided at Ping Ha Road, surrounding locals still rely mostly on private cars for daily commuting due to the limited destinations of the services and their own travelling destinations to remote villages and workspaces. Subsequently, illegal on-street parking is often observed at Fung Kong Tsuen Road, causes adverse traffic impact to nearby road network.
- 1.3 In view of the above, the applicant would like to operate the proposed use to alleviate the pressing demand for legal parking spaces in the area and bring convenience to the surrounding locals.

2) Planning Context

- 2.1 The Site currently falls within an area zoned as "Village Type Development" ("V") and "Open Space" ("O") on the Approved Hung Shui Kiu and Ha Tsuen Outline Zoning Plan (OZP) No.: S/HSK/2 (**Plan 2**). According to the Notes of the OZP, 'public vehicle park (excluding container vehicle)' is a column two use within both zones, which requires planning permission from the Board.
- 2.2 The Site is surrounded mostly by residential development formed by groups of village houses, warehouses, logistic centres, and open storage yards, the proposed development with a low-rise temporary structure is considered not incompatible with the surroundings. Furthermore, the proposed public vehicle park (excluding container vehicles) is intended to serve the needs of the residents and in support of the village developments, hence, it is considered in line with the planning intention of the "V" zone and would better utilise precious land resources in the New Territories.

- 2.3 There is a similar application (No. A/HSK/308) for 'public vehicle park' use was approved by the Board within the same "V" zone, which is located at the immediately west to the Site, was approved by the Board on a temporary basis in June 2021. Therefore, approval of the current application would not set undesirable precedent within the "V" zone.

3) Development Proposal

- 3.1 The Site occupies an area of 7,306 m² (about) (**Plan 1**). 1 single-storey structure is provided at the Site for site office with total gross floor area (GFA) of 36 m² (**Plan 4**). The site office is intended to provide indoor workspace for administrative staff and caretaker to support the daily operation of the Site. It is estimated that the site would accommodate 2 nos. of staff. Details of development parameters are shown at **Table 2** below:

- 3.3 A notice will be posted at a prominent location of the Site to indicate that only PCs and LGVs are allowed to enter/exit the Site at any time during the planning approval period. Other vehicles, including medium, heavy goods vehicles and container tractors/trailers, etc., are not allowed to enter/exit the Site. The applicant will ensure no queuing and/or waiting for motor vehicles from the Site onto Fung Kong Tsuen Road via the local access, and no motor vehicles will be permitted to reverse into and out of the Site onto Fung Kong Tsuen Road via the local access.
- 3.4 Furthermore, no vehicles without valid licenses issued under the *Road Traffic (Registration and Licensing of Vehicle) Regulations* are allowed to be parked/stored at the Site at any time during the planning approval period. The trip generation and attraction rates are as shown at **Table 4** below. adverse traffic impact to the surrounding road network should not be anticipated.

- 3.5 The applicant will strictly follow the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by Environmental Protection Department and statutory requirements under relevant pollution control ordinances to minimise adverse environmental impacts and nuisance to the surrounding area. The applicant will strictly comply with all environmental protection / pollution control ordinances, i.e. *Water Pollution Control Ordinance, Air Pollution Control Ordinance, Noise Control Ordinance* etc. at all times during the planning approval period.

4) Conclusion

- 4.1 The proposed development will not create significant nuisance to the surrounding areas. Adequate mitigation measures will be provided by the applicant, i.e. submission of drainage and fire service installations proposals, to mitigate any adverse impact arising from the proposed development after the planning application approved by the Board.
- 4.2 In view of the above, the Board is hereby respectfully recommended to approve the subject application for '**Proposed Temporary Public Vehicle Park (Excluding Container Vehicle) with Ancillary Facilities for a Period of 5 Years**'.
