Dear Ms. Soo Hui Tung,

We express our gratitude for your updates provided on 13 and 15 October 2025 regarding our Section 16 planning application (No. A/NE-FTA/267) for the proposed temporary vehicle repair workshop, showroom, car park, and storage facility at D.D. 89, Lots 558 RP (part) to 568 (part).

In response to your clarification request, we confirm our plan to use portable toilets for the site, with waste collection managed by a licensed contractor for disposal at an approved facility. We have also attached an updated site plan drawing (A5 Revised) for your reference.

We trust this addresses the concerns raised. Should further information be required, we remain available for consultation.

Yours faithfully,
Cheng Ho Yuen
