**Responses-to-Comments**

**Proposed Temporary Warehouse (Excluding Dangerous Goods Godown) with Ancillary Facilities and Associated Filling of Land for a Period of 3 Years in “Agriculture” Zone, Various Lots in D.D. 91 and D.D.100, Lin Tong Mei, Fanling, New Territories**

**(Application No. A/NE-KTS/574)**

- (i) The applicant would like to provide clarifications on the current application. Details are as follows:

Traffic management measures

- No gate is proposed at the ingress/egress of the application site (the Site) to facilitate smooth entry of vehicles onto the Site. Amber revolving lanterns would be provided at the site entrance, and staff would be deployed at the ingress/egress of the Site to direct vehicles entering and exiting the Site. ‘STOP AND GIVE WAY’ and ‘BEWARE OF PEDESTRIANS’ signs would also be erected to ensure pedestrian safety to/from the Site.
  
- As the Site is proposed for ‘warehouse’ use with no shopfront, only the applicant’s fleets will be allowed to enter/exit the Site. As the vehicular trips could be strictly controlled by the applicant, only 4 vehicular trips would be scheduled for MGV and CV during the non-peak hours to reduce congestion and improve safety.

The operation scale of the proposed development is similar as the original premises

- According to the submitted tenancy agreement, an area of 3,716 m<sup>2</sup> (about) of the original premises was used for ‘warehouse’ and ‘open storage’ uses. Although the gross floor area of the proposed development (i.e. 4,134 m<sup>2</sup>) is slightly larger than that of the original premises, as ‘open storage’ operations would inevitably create significant dust and noise nuisance to the surrounding environment, the applicant intends to alleviate these adverse impacts by relocating the aforesaid open storage activities to the proposed structures, so as to minimise the potential visual, noise and air quality impacts to the surrounding areas.

- (ii) Revised application form is provided (**Annex I**).
