副本: Wai-Lam Lee; Minnie Law; Benson Ka Chun LAU/PLAND
主旨: s.16 Planning Application No. A/NE-LT/788 - Supplementary Information
附件: Replacement Pages for SPS (hlt).pdf; Replacement Pages for SPS (cln).pdf; FS251 record on emergency generator.pdf

類別: Internet Email

Dear Christy,

Following up on our call yesterday on the captioned s16 Planning Application, we would like to submit the following supplementary information for your consideration:

- 1) Replacement page of the Supporting Planning Statement to confirm that “There is no change to the Approved General Building Plan and existing fire services installations implemented on the Application Site”. Please find both the clean and highlighted version for your information.
- 2) Please be advised that the submitted FS 251 and annual inspection records of fire services installations (Section 4 of the Appendix E “Compliance Status to Approval Conditions of Application No. A/NE-LT/756 and Photo records of relevant measures being implemented” refers to) are the latest ones and there is no further update. We would like to supplement the record on emergency generator for your consideration.

Thank you so much for taking the time to review the planning application, and please feel free to contact me at [REDACTED] if you have any questions.

Best Regards,

Vienne Lung

4 Conclusion

4.1.1 This application for Renewal of Planning Approval for Temporary Educational Institution (Teaching Farm) for a Period of Three Years, until 15.5.2029 in Lots 335 S.B (Part), 336AB, 336C, 337 S.B, 338, 339, 340, 341, 345 S.A and 346 in D.D. 16, Wo Tong Pui, Tai Po, New Territories is considered justifiable for the following reasons:

- The land-use zoning and development restrictions for the Application Site have remained unchanged since the original permission was granted.
- There is not yet any programme or known intention for implementing the zoned “REC” use at the Application Site, and the renewal will not pre-empt any planned permanent development.
- There is no change to the Approved General Building Plan and the existing fire services installations implemented on the Application Site.
- There is no change to the scheme under the proposed renewal approved application (No. A/NE-LT/756) in terms of the applied use, development schedule and access arrangement, which has proven to be technically feasible and no adverse planning implications.
- All of the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits.
- The approval period sought is no longer than the original duration for temporary use/development of 3 years.
- International accreditation and technical assessment have proven that the teaching farm will not cause negative impact on hygiene and health as concerned by the public.

4.1.2 In light of the justifications put forward in this Supporting Planning Statement, we sincerely request the TPB’s favourable consideration in granting approval for this Proposed Renewal of Planning Approval for Temporary Educational Institution (Teaching Farm) for a Period of Three Years.
