Subject: Lot No. 690 RP (Part) in DD 19 (A/NE-LT/793)

Dear Mr Ling:

I want to submit further information for revision of application boundary and to address GEO, CEDD's comment. The southeastern part of the subject site is designated as a 'no-build' zone, within which no critical facilities (i.e. facilities under Group 1 to 3 in the attached table) should be located.

Please kindly find the attached file for your arrangement, thank you.

Should you have any inquiries, please contact Mr. Vincent Li at [REDACTED]

Thank you very much for your consideration.

Best Regards,

WINLI CONSULTING ENGINEERS
