附件: Revised Form.pdf

Dear Mr. Ngan,

We respond to the comments from the relevant department.

Comments of Drainage Services Department

Regarding the watercourse on the western boundary of Lot 967 S.A & 967 S.B, we will retain it. If necessary, we will reorganize or upgrade the watercourse to ensure it maintains good drainage functionality.

We will contact the North District Office of the Home Affairs Department to discuss the relevant matters.

Comments of Landscape Unit, Urban Design and Landscape Section, Planning Department

The tree located to the northeast of the application site is outside our boundary, but we can trim it if necessary. Additionally, there are three to four common fruit trees along the footpath to the southeast that we will remove.

At the same time, the revise form is attached record.
Thank You !

Regards,
H.Y.Pang
