#### **Advisory Comments**

- according to the Development Proposals of New Territories North New Town (NTN NT) and Ma Tso Lung as announced in December 2024, and the proposed location of the Heung Yuen Wai Food Control Facilities (FCF) as announced in February 2025, **the application site for the Proposed Temporary Shop and Services is within the Priority Development Area of NTN NT and would overlap with the FCF location.** If this planning application is approved, the application site would have to be vacated for the site formation/construction works relating to the Priority Development Area of NTN NT and FCF. **FEHD does not agree with the proposed usage under this application beyond the land reversion and site clearance date for the above site formation/construction works if applicable.** Please take note of the followings:

1 the applicant should take into account

the potential impact of NTN NT development, including the relocation of food control facilities (FCF) to Heung Yuen Wai. **It should also be noted that the FCF falls within the Priority Development Area (PDA) of NTN NT.** The proposed FCF relocation exercise will involve diversion of a section of Lin Ma Hang Road, site formation and construction of FCF. Subject to the finalisation of the project boundary, the aforesaid works cover an area of about 5 hectares, of which about 3 hectares of private land will be acquired. North District Council was consulted for the relocation project at the meeting on 18 February 2025. To take forward the FCF relocation exercise, **FEHD would submit a s.16 planning application under the Town Planning Ordinance (Cap. 131).** The statutory procedures for land resumption are planned to commence after obtaining TPB's permission. Subject to such procedures, land reversion and site clearance would commence in due course. In general, ex-gratia land compensation may be offered to the owners of private land in the New Territories being affected by land resumption. For business undertakings affected by land resumption/clearance exercises, ex-gratia allowances may be offered to eligible business undertakings operating for at least two years immediately preceding the Pre-clearance Survey (PCS) and not in breach of the lease or conditions of relevant land instruments.
