The Secretary,
Town Planning Board,
15/F, North Point Government Offices,
333 Java Road,
North Point, Hong Kong

By Email

6 July 2026

Dear Sir,

2nd Further Information

**Temporary Open Storage of Construction Materials and Machinery with Ancillary Facilities
and Associated Filling of Land for a Period of 3 Years in "Agriculture" Zone,
Lots 1161 S.B RP (Part) and 1162 (Part) in D.D. 82, Ta Kwu Ling, New Territories**

(S.16 Planning Application No. A/NE-TKL/840)

We are writing to make clarifications and to submit further information in response to departmental comments upon the subject application (**Appendices I and II**).

Should you require more information regarding the application, please contact the undersigned at your convenience. Thank you for your kind attention.

Yours faithfully,

For and on behalf of
R-riches Planning Limited

A handwritten signature in blue ink is positioned to the left of a circular purple stamp. The stamp contains the text 'R-riches Planning Limited' around the perimeter and '盈卓規劃有限公司' in the center.

2nd Further Information**Temporary Open Storage of Construction Materials and Machinery with Ancillary Facilities
and Associated Filling of Land for a Period of 3 Years in “Agriculture” Zone,
Lots 1161 S.B RP (Part) and 1162 (Part) in D.D. 82, Ta Kwu Ling, New Territories****(S.16 Planning Application No. A/NE-TKL/840)**

(i) The applicant would like to make the following clarifications:

- No workshop activities would be carried out at the application site (the Site);
- The entire Site has already been covered with an existing hard-paving. This application serves to regularise the existing hard-paving of concrete of not more than 0.2 m, where the existing level ranges from +11.7 mPD (about) (**Plan 6** of the original submission). The filling of land is to facilitate a flat surface for parking and loading/unloading (L/UL) space, open storage and circulation space uses. Such land filling is considered necessary and has been kept to minimal to meet the operational needs of the development. No further filling of land will be carried out by the applicant during the planning approval period;
- The operation hours of the Site would be from Mondays to Saturdays from 09:00 to 19:00. There would be no operation on Sundays and public holidays;
- In view of the pressing demand for outdoor storage space in New Territories in recent years, the applicant would like to continue to use the Site for storage of construction material (i.e. scaffold, bricks, tiles, column, screws etc.) and machinery (i.e. tamping rammer, generator, elevated platform etc.) to support the local warehousing and storage industry. In order to comply with current statutory requirements, the applicant has thus submitted the current planning application. The applicant will develop the Site according to the development proposal after the planning application is approved by the Town Planning Board;
- Although the Site falls within “AGR” zone, the Site is currently occupied with the applied use with no active agricultural activities, nor any pond or land located within. The entire Site has been filled with concrete of not more than 0.2 m with a proposed level of +11.7 mPD (about). The filling of land is to facilitate a flat surface for parking and loading/unloading space, open storage and circulation space uses. Such land filling is considered necessary and has been kept to minimal to meet the operational needs of the development. No further filling of land will be carried out by the applicant during the planning approval period.
- The applicant commits to adhere proposed layout scheme as submitted in the current application; and

- (ii) The applicant would like to submit a response-to-comments table for the consideration of government departments:

Comments of the Director of Fire Services (D of FS)		
(1)	For area designated for open storage, suitable type of portable fire extinguisher(s) shall be provided in accordance with the formula = storage area(m ²) x 0.003 [e.g. 1392m ² x 0.003 = 4.176 ≈ 5 (round up)]; and	Noted. The revised FSIs proposal is enclosed at Appendix II .
(2)	The provision of portable fire extinguisher(s) shall be placed at prominent locations that are easily accessible by users within the application site.	

DEVELOPMENT PARAMETERS

APPLICATION SITE AREA	: 4,177 m ²	(ABOUT)
COVERED AREA	: 216 m ²	(ABOUT)
