Dear Sally,

1. Reply to Environmental Protection Mr. Alan : The owner to confirm that the proposed pool facility will continue to be used as a swimming pool, not solely for aesthetic purposes. Regarding the wastewater disposal, the owner has agreed to discharge the pool backwash water and wastewater into the existing septic tank of the property for proper treatment.
2. Attached is an updated survey plan of the pool for your reference.

Should further details or supporting documents be required, please let me know. Thanks

Regards
