Dear Mr. Safin WAKIM

Response the comment :

1. Please clarify whether the septic tank shown on the submitted layout plan is located underground.
[The septic tank shown in the submitted floor plan is located underground.](#)
2. Please clarify the use of the remaining area (after deducting floor area for the temporary structures and the cultivation area).
[The purpose of the remaining area of the application location\(after deducting floor area for the temporary structures and the cultivation area\) is mainly used for the entrance and exit, the space behind the placement of containers and the drainage system](#)

Dear Mr. Wong,

As spoken, could you please provide the following supplementary information by **COP tomorrow** for our consideration:

1. Please clarify whether the septic tank shown on the submitted layout plan is located underground.
2. Please clarify the use of the remaining area (after deducting floor area for the temporary structures and the cultivation area).

Should you have any enquiry, please feel free to contact me.
