Origin Production Limited trading as The Hong Kong Safety Training Association

03 JUL 2025

Dear Ms CHAN,

Seeking policy support in applying for the Short Term Tenancy for operation of a Vocational Training Centre

I refer to your email and letter dated 24 & 27 June 2025 regarding the above request referred by the Development Bureau.

2. We are pleased to inform you that the Labour Department ("LD") has liaised with the Planning Department and conveyed the necessary information in support of your application for the Short Term Tenancy at Tung Fuk Road DLO No.: CS-250 for operation of a training venue of Mandatory Safety Training Courses. That said, the result of your application is subject to the approval from the relevant government bureaux/departments.
3. You are reminded that the support from LD to the use of land and premises does not constitute any exemption from the requirements of Approval Conditions for Operating Mandatory Safety Training Courses ("ACs"). A training course provider should ensure that all course particulars - including training venue - comply with the requirements and specifications set out in Parts I and II of the ACs, including any amendments made thereto from time to time. Any changes in relation to the approved training venue(s) of an MST Course (including addition or deletion of the training venue(s)) shall be submitted to the Commissioner for Labour for prior approval in accordance with the relevant requirements under the ACs.
4. If you have any questions regarding this letter, please contact the undersigned on 2940 7051.

Yours sincerely,

(WONG Lai-ho)
for Commissioner for Labour
