## 渠務署總工程師/新界北的意見: (只提供英文版本)

- 1. The proposed drainage works, whether within or outside the lot boundary, should be constructed and maintained by the lot owner at their own expense. For any works to be carried out outside his lot boundary, the applicant should consult District Lands Officer/Tuen Mun of Lands Department and seek consent from relevant lot owners before commencement of the drainage works.
- 2. The applicant is required to rectify the drainage system if they are found to be inadequate or ineffective during operation. The applicant shall also be liable for and shall indemnify claims and demands arising out of damage or nuisance caused by a failure of the drainage system.
- 3. The proposed works should neither obstruct overland flow nor adversely affect any existing natural streams, village drains, ditches and the adjacent areas.
