7. Justifications

The Applicant applies for a temporary use for private vehicles park for private cars and light goods vehicles (excluding container vehicles) for a period of 3 years.

Location and Environment

The Application Site is located in the local settlement area known as Tai Lam Chung in Tuen Mun, New Territories. The Application Site is accessible via a local road to and from Tai Lam Chung Road. The surroundings of the Application Site are generally village environment with village type houses.

Proposed Operation and Layout

The Application Site area is 3,073 sq.m.(about) and proposed as a private vehicles park for the residents of the village only. It would provide 54 nos. of parking spaces for private cars and 8 nos. of parking spaces for light goods vehicles. The vehicles park is accessible by vehicles via the ingress/egress at the eastern side of the Application Site and users can approach car park on foot from the locality. The proposed private vehicles park would be open 24 hours daily (including public holidays). However, it is expected that traffic in/out the private vehicles park would be mostly between 7 a.m. to 11 p.m. daily only.

Necessary Provisions to the Local Residences

Tai Lam Chung is a village locality with a considerable population. There is only 1 route of public light bus serving the area. Other public bus routes are available at Castle Peak Road – Tai Lam with over 20 minutes walking distance in average. Thus, there has been large demand for use of private cars as a mode of transportation in Tai Lam Chung. However, there is no any formal parking provision for Tai Lam Chung Tsuen. Without such provision, the private cars can only be park illegally at road side of local road and access. They will cause danger by blocking access fire engines and ambulance access when they are in need. The proposed temporary private vehicles park is highly essential to address the basic proper parking needs of the local residences.

No Adverse Impacts

The proposed temporary use at the Application Site only involves open-air parking for local villagers. There is no need for shroff. There will be limited trips of private cars generated by users of the Application Site which the pattern of traffic by the local users is usually one trip out to town in the morning and one trip back from the town in the evening / at night. These trips are expected to be generated within 7 a.m. to 11 p.m. daily only. The Applicant will not alter the existing condition of the Application Site.

No Adverse Impacts (Cont'd)

There will be no adverse impacts in terms of visual, noise, traffic, drainage nor fire, to be caused by the proposed use at the Application Site.

Inline with Planning Intention

The Application Site is situated in "Village Type Development" zoning. Despite the proposed use is temporary in nature, it consists with the planning intention of "Village Type Development" zoning to cater to "concentrate village type development within this zoning for a more order development patter, efficient use of land and provision of infrastructure and services" and to provide "community uses servicing the needs of the villagers". It will also not jeopardizing the long term planning intention of the zoning.

Similar Planning Approvals

Temporary vehicles parks (both public and private vehicle parks) are not uncommon approval temporary uses in the New Territories. The most relevant planning approvals are summarized below for reference:

Application No.	Applied Use	Zoning	Approval Date
A/TM-SKW/125A	Temporary Public Vehicle Park (Private Village Type Cars) for a Period of 5 Years Development		21/6/2024
A/TM-SKW/118	Renewal of Planning Approval for Temporary Private Vehicle Park for Private Cars and Light Goods Vehicles (Excluding Container Vehicles) for a Period of 3 Years	Village Type Development	17/3/2023

Conclusion

In view of the development is only temporary in nature, addressing the solid needs of the local villagers, not posing any adverse impacts and inline with the planning intention of the town planning zoning, we seek the Town Planning Board's approval of the application for a period of 3 years.
