Comments	Response(s)
<u>Environmental Protection Department (EPD)</u> Received on 20 June 2025	
<p>1. For item 5 of the RtC, the Applicant should confirm no additional air pollutant emissions source(s) in the current application compared to the last approved scheme and revising the first sentence of subsection "Air" in Section 5.5 (Page 10/11) to "The proposed development will not introduce any additional air pollutant emission sources compared to the existing development."</p>	<p>The sentence has been revised accordingly. Please refer to section 5.5 of the planning statement.</p>
