

Planning Statement

1. Background

The applicant seeks planning permission from the Town Planning Board (the Board) under Section 16 of the Town Planning Ordinance to use Lots 1357 (Part), 1358 RP (Part) and 1361 (Part) in D.D. 109, Kam Tin North, Yuen Long, New Territories (the application site) for ‘Proposed Temporary Shop and Services with Ancillary Facilities for a Period of 5 Years’ (the proposed development) (Appendix 1).

The Site currently vacant and partly covered in small rocks and partly covered in concrete.

2. Planning Context

The Site currently falls within an area zoned as “Village Type Development” (“V”) on the Approved Kam Tin North Outline Zoning Plan (OZP) No.: S/YL-KTN/11. According to the Notes of the OZP, the applied use is a Column 2 use within the “V” zone on the OZP requiring planning permission from the Board.

The planning intention of the “V” zone is to reflect existing recognised and other villages, and to provide land considered suitable for village expansion and reprovisioning of village houses affected by Government projects. Other commercial, community and recreational uses may be permitted on application to the Board.

Provided that the structure of the Proposed Development is temporary in nature, approval of the application on a temporary basis for a period of 5 years would not frustrate the long-term planning intention of the “V” zone.

3. Development Proposal

The site occupies an area of 3,577 m² (about) (Appendix 2). Three structures are provided at the Application Site for Shop and Services with total GFA of 585 m² (about), which provides Motor-Vehicle Showroom, Handcraft Studio and retail shop for Hardware and two structures as ancillary storage with total GFA of 36 m² (about). The operation hours of the Site are Mondays to Sundays from 09:00 to 19:00 daily, including public holidays. Details of development parameters are shown at Table 1 below:

4. Conclusion

The proposed development will not create significant nuisance to the surrounding areas. Adequate mitigation measures will be provided by the applicant, i.e. the submission of FSIs proposal and the drainage proposal for the Planning Application to mitigate any adverse impact arising from the proposed development.

In view of the above, the Board is hereby respectfully recommended to approve the subject application for ‘Shop and Services with Ancillary Facilities for a Period of 5 Years’.
