The Secretary
Town Planning Board
15/F., North Point Government Offices
333 Java Road, North Point, Hong Kong

By E-mail
tpbpd@pland.gov.hk

Dear Sir,

Submission of Further Information (FI)

Temporary Shop and Services (Retail Shop for Hardware Groceries and Construction Materials) with Ancillary Facilities for a Period of 5 Years in “Residential (Group D)” Zone, Lots 681 RP (Part), 682 RP (Part) and 683 RP (Part) in D.D. 106 and Adjoining Government Land, Yuen Long, New Territories (Application No. A/YL-KTS/1102)

We write to submit FI in response to departmental comment(s) conveyed by the Planning Department for the captioned application, which serves to supersede our previous FI submission under our reference P22068B/TL26155 dated 23.4.2026.

In view of the amendments made in the FI, we enclose the following revised pages for your consideration:

1. Pages 12 & 19 of Form S16-I;
2. Pages 2 & 4 of Planning Statement (Appendix I); and
3. Layout Plan (Plan 3a) and Swept Path Analysis (Plan 4.1).

Yours faithfully,
For and on behalf of
Goldrich Planners & Surveyors Ltd.

Francis LAU

Further Information for Planning Application No. A/YL-KTS/1102**Response-to-Comments****Comments from Commissioner for Transport**

Contact person: Mr. Phil CAI (Tel.: 2399 2421)

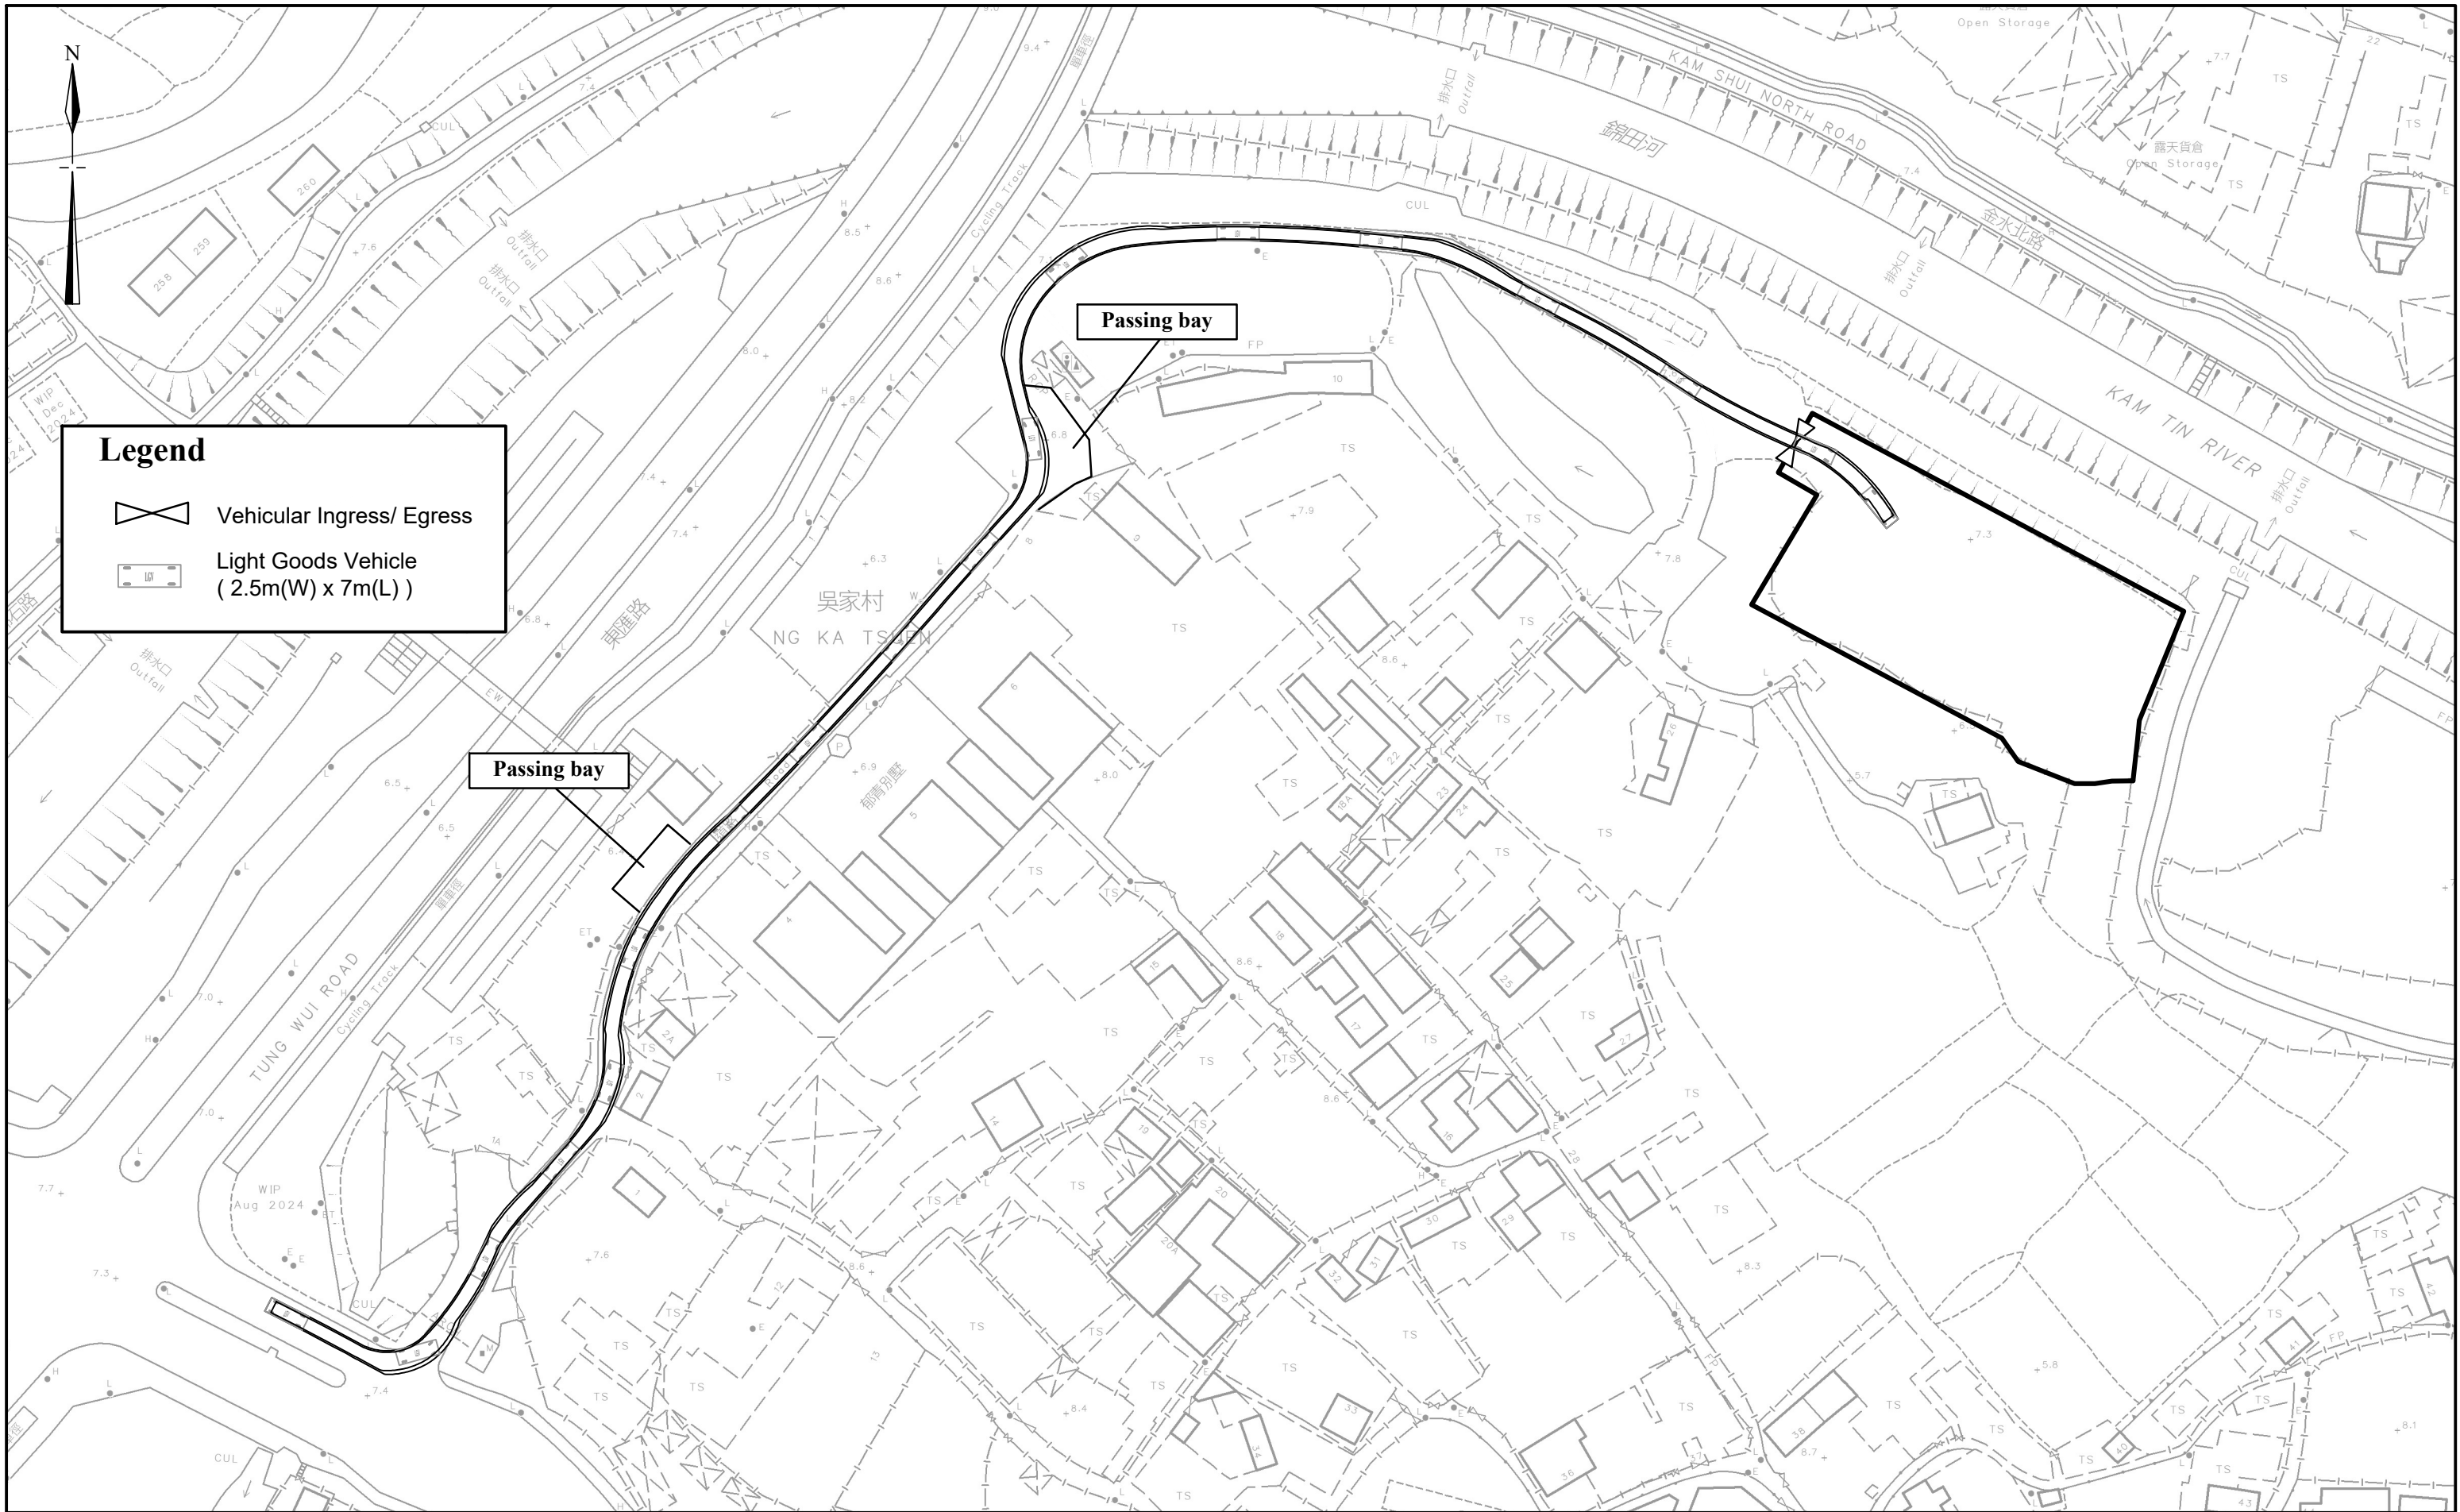

I.	Comments	Responses
1.	Please provide swept path to / from Tung Wui Road, and along the local access for MGV.	We would like to clarify that LGV instead of MGV will be adopted for the daily operation of the Proposed Development. Please refer to Plan 4.2 for the swept path to / from Tung Wui Road, and along the local access for LGV.

Comments from Environmental Protection Department

Contact person: Mr. Kelvin WONG (Tel.: 2835 1117)

II.	Comments	Responses
1.	Based on the applicant's submission, the proposed use would not involve dusty operation but it would cause traffic of heavy vehicles (i.e. medium goods vehicles). According to our review, there are residential structures within 100m from the boundary of the Site. As such, according to the revised 'CoP', it is anticipated that the proposed use would cause environmental nuisance to the residential structures nearby. Therefore, we do not support the application from environmental planning perspective.	Light goods vehicles instead of medium goods vehicles will be adopted for the daily operation of the Proposed Development. Please refer to the revised Layout Plan (Plan 3a) for details.

9. The Development serves to meet the demand of local residents and operators in the vicinity for hardware groceries and construction materials, including fasteners, locks, tools, metal/steel frame, pipe and sheet etc.
10. Structure No. 4 has a building height of about 9 m as there are tall storage racks to stock the hardware groceries and construction materials.
11. Operation hours are from 8:30 a.m. to 6:30 p.m. daily (including Sundays and Public Holidays).
12. The Site is accessible by vehicles from Kam Sheung Road via a local track. 2 nos. of parking space for private cars and 3 nos. of parking space for light goods vehicle (LGV) are provided at the Site for daily operation of the Development. Sufficient space is allowed for vehicle manoeuvring within, entering and leaving the Site (**Plan 4**). No parking, reversing or turning of vehicles on public road is expected. No heavy goods or container vehicles are involved at the Site. Parking spaces will be reserved for customers who have given prior notification.
13. The Site is for retail purpose only. No car beauty, washing, repairing, dismantling or other workshop activities or open storage activities will be carried out at the Site.

Previous Application

14. The Site is the subject of a previous application no. A/YL-KTS/950 for ‘Proposed Temporary Place of Recreation, Sports or Culture (Hobby Farm) with Ancillary Facilities for a Period of 5 Years’ submitted by the same applicant and is approved by the Rural and New Town Planning Committee (“the Committee”) on 23.6.2023.
15. After obtaining the previous planning approval, the applicant found it difficult to operate the hobby farm business in the area due to the lack of customers and they noticed that there is a demand from residents and operators in the vicinity for hardware groceries and construction materials. As such, the applicant intended to submit a fresh planning application for a retail shop of hardware and construction materials.

16:00 – 17:00	1	2
17:00 – 18:30	0	2
Total Trips	<u>17</u>	<u>17</u>

22. In view of the low trip attraction and generation rates, it is expected that the Development should not cause adverse traffic impacts to the adjacent areas and road network.
23. The Site is accessible by vehicles from Kam Sheung Road via a local track. 2 nos. of parking space for private cars and 3 nos. of parking space for LGV are provided at the Site for daily operation of the Development. Sufficient space is allowed for vehicle manoeuvring within, entering and leaving the Site (**Plan 4**). No parking, reversing or turning of vehicles on public road is expected. No heavy goods or container vehicles are involved at the Site. Parking spaces will be reserved for customers who have given prior notification.

Environment

24. The Applicant undertakes to follow the measures as set out in the ‘Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites’ issued by the Environmental Protection Department in order to minimise any possible environmental nuisances, and to comply with all environmental protection/pollution control ordinances.
25. No public announcement systems, whistle blowing or portable loudspeaker will be allowed within the Site. Potential adverse noise impacts to the surrounding areas are not anticipated.

Drainage

26. The Applicant will submit a drainage proposal, with the provision of periphery u-channels and catchpits to mitigate the potential adverse drainage impacts generated by the Development after planning approval has been granted from the Board. The Applicant will proceed to implement the proposed drainage facilities at the Site once the drainage proposal is accepted by the Drainage Services Department.

Fire Safety

27. The Applicant will submit a layout plan incorporated with the proposed fire service installations (FSI) after planning approval has been granted from the Board. The Applicant will proceed to implement the FSI proposal at the Site once it is accepted by the Director of Fire Services.
