Planning Application No. A/YL-LFS/626

Table A: Responses to Departmental Comments

	Departmental Comments	Responses
	AMO, DEVB	
(a)	As the application site is situated within the Lau Fau Shan Site of Archaeological Interest, the applicant is required to confirm / clarify with the Antiquities and Monuments Office (AMO) whether there is any ground excavation proposed for the development including but not limited to site formation works, drainage works, sewerage works, construction of septic tank etc. If affirmative, the applicant is required to provide details of the proposed works, e.g. the location, extent and depth of the proposed ground excavation for AMO's further comment.	There is no ground excavation for the Temporary Open Storage of Hardware Accessories.

	Departmental Comments	Responses
	DPO/TMYLW, PlanD	
(a)	Please confirm that (i) no workshop activities related to hardware accessories will be involved at the application site, and (ii) the existing construction materials and containers at the application site will be removed before operation of the proposed use.	The applicant confirms that no workshop activities related to hardware accessories will take place on the site. The applicant confirms that all existing construction materials and containers will be completely removed from the site before the proposed use begins operating.
