Planning Application
Under Section 16
of the Town Planning Ordinance
(Cap. 131)

Renewal of Planning Approval for Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years at Lots 2269 S.B ss.1 (Part), 2270 S.A RP (Part), 2270 S.B (Part), 2271 (Part), 2272, 2273 S.A and 2273 S.B (Part) in D.D. 118 and Adjoining Government Land, Sung Shan New Village, Tai Tong, Yuen Long, New Territories

EXECUTIVE SUMMARY

The Application Site (the Site) comprises Lots 2269 S.B ss.1 (Part), 2270 S.A RP (Part), 2270 S.B (Part), 2271 (Part), 2272, 2273 S.A and 2273 S.B (Part) in D.D. 118 and adjoining Government Land, Sung Shan New Village, Tai Tong, Yuen Long, New Territories. The Site is located approximately 2.5 kilometres to the southeast of Yuen Long New Town in close proximity to Tong Tau Po Tsuen and Yau Cha Po, and is easily accessible from a local access road leading from Tai Shu Ha Road East. The Site occupies a total site area of about 4,600m^2, including Government Land of about 300m^2. According to the Approved Tai Tong Outline Zoning Plan No. S/YL-TT/20 (the OZP), the Site falls within an area zoned "Agriculture" ("AGR") on the OZP.

The Applicant seeks renewal of planning approval for temporary forklift training centre with ancillary facilities for a period of 3 years under Section 16 of the Town Planning Ordinance, which is the current use of the Site with a valid planning permission under planning application No. A/YL-TT/614 until 12.12.2026. The current application is submitted by the same applicant for the same use at the same site. The proposed site boundary, applied use, development parameters, implemented drainage facilities and fire service installations remain unchanged compared to the last application No. A/YL-TT/614.

The Site is the subject of 9 previous applications (No. A/YL-TT/67, 91, 183, 236, 293, 338, 413, 506 and 614) for the same use approved between 2000 and 2023. All the approval conditions of its previous planning application No. A/YL-TT/614 were complied with to the satisfaction of relevant Government departments. Since the operation of the existing forklift training centre has been in existence for many years, no additional traffic, adverse drainage and environmental impacts are anticipated. Existing drainage facilities, fire service installations and landscape works will be properly maintained.

The current application is justified on the following grounds: 1) Previous planning permissions for the same use; 2) Genuine efforts in compliance with planning approval conditions; 3) With support of Construction Industry Training Authority; 4) Unlikely rehabilitation of the Site for agricultural use; 5) Provision of noise buffer; 6) Compatible with surrounding land uses; and 7) No additional traffic, drainage and environmental impacts.

行政摘要

申請地點為新界元朗大棠崇山新村丈量約份第118約地段第2269號B分段第1小分段(部份)、第2270號A分段餘段(部份)、第2270號B分段(部份)、第2271號(部份)、第2272號、第2273號A分段及第2273號B分段(部份)和毗連政府土地。申請地點距離元朗新市鎮東南面約2.5公里，接近塘頭埔村和油渣埔，及可從連接大樹下東路的小路進入。申請地點佔地共4,600平方米，包括約300平方米的政府土地。申請地點坐落在《大棠分區計劃大綱草圖編號S/YL-TT/20》上劃為「農業」地帶的地方。

申請人根據《城市規劃條例》第16條申請規劃許可續期，擬把申請地點用作臨時鏟車訓練中心連附屬設施(為期3年)。該地點目前正用作此用途，並持有按規劃申請編號 A/YL-TT/614 核准的有效規劃許可，有效期至2026年12月12日。是次申請由同一申請人就同一場地及同一用途提出。與先請申請（編號 A/YL-TT/614）相比，擬議地點界線、申請用途、發展參數、已落實的排水設施及消防裝置均保持不變。

該地點先前曾涉及9宗同類申請（編號 A/YL-TT/67、91、183、236、293、338、413、506 及 614），並於2000年至2023年間獲批。先前申請編號A/YL-TT/614的所有附帶規劃條款均已妥善履行。鑑於現有的鏟車訓練中心已運作多年，相信並不會引致額外的交通流量、不良的渠務及環境影響。現有的排水設施、消防裝置及樹木將繼續妥善維護。

是次申請的規劃理據如下：1）跟以前獲批准的用途相同；2）真心實意地履行規劃條款；3）獲得建造業訓練局支持；4）該地點不太可能恢復作農業用途；5）設有噪音緩衝措施；6）與周邊的土地用途兼容；及7）沒有額外的交通、渠務及環境影響。

1. INTRODUCTION

1.1 The Application Site (the Site) comprises Lots 2269 S.B ss.1 (Part), 2270 S.A RP (Part), 2270 S.B (Part), 2271 (Part), 2272, 2273 S.A and 2273 S.B (Part) in D.D. 118 and adjoining Government Land, Sung Shan New Village, Tai Tong, Yuen Long, New Territories. The Site is located approximately 2.5 kilometres to the southeast of Yuen Long New Town in close proximity to Tong Tau Po Tsuen and Yau Cha Po, and is easily accessible from a local access road leading from Tai Shu Ha Road East. According to the Approved Tai Tong Outline Zoning Plan No. S/YL-TT/20 (the OZP), the Site falls within an area zoned "Agriculture" ("AGR") on the OZP. Please refer to an extract of the OZP and its relevant Notes at **Appendix 1**, the Location Plan at **Appendix 2** and the Site Plan at **Appendix 3**.

1.2 The Site is currently used as temporary forklift training centre with ancillary facilities with a valid planning permission under planning application No. A/YL-TT/614 until 12.12.2026. The current application seeks planning permission from the Town Planning Board (the Board) to continue use the Site as temporary forklift training centre with ancillary facilities.

1.3 The current application is submitted by the same applicant for the same use at the same site. The proposed site boundary, applied use, development parameters, implemented drainage facilities and fire service installations remain unchanged compared to the last application No. A/YL-TT/614.

1.4 The Applicant, Sun Shing Machinery & Construction Co., Ltd., has commissioned Lanbase Surveyors Limited to submit a planning application on his behalf for the said temporary use under Section 16 of the Town Planning Ordinance (Cap. 131).

1.5 The Planning Statement serves to describe the existing site condition and its surrounding land uses, to give details of the proposed development, and to provide justifications for the Board's consideration.

2. SITE CONTEXT

2.1 Application Site

2.1.1 The Application Site (the Site) comprises Lots 2269 S.B ss.1 (Part), 2270 S.A RP (Part), 2270 S.B (Part), 2271 (Part), 2272, 2273 S.A and 2273 S.B (Part) in D.D. 118 and adjoining Government Land, Sung Shan New Village, Tai Tong, Yuen Long, New Territories. The Site occupies a total site area of about 4,600m^2, including Government Land of about 300m^2. Please refer to the Location Plan at **Appendix 2** and the Site Plan at **Appendix 3**.

2.1.2 The lot owner executed a deed poll and subdivided Lots 2270 S.A and 2273 under planning application No. A/YL-TT/614 into Lots 2270 S.A RP and 2270 S.A ss.1, as well as Lots 2273 RP, 2273 S.A and 2273 S.B, respectively, for further transactions, resulting in a change in lot numbers. There is no change in the site boundary or site area compared to the last application No. A/YL-TT/614.

2.1.3 The Site has been paved and is currently used as a forklift training centre with ancillary facilities approved under planning application No. A/YL-TT/614 with a valid planning permission until 12.12.2026.

2.2 Lease Particulars

The lots are held under Block Government Lease and demised as agricultural land.

2.3 Surrounding Land Uses

2.3.1 The subject area is rural in nature and mainly comprises of abandoned/fallow agricultural land, and low-rise residential structures. While the area is designated for agricultural purposes, most of the agricultural activities in the area, including those at the Site, have been discontinued for a long time.

2.3.2 Several industrial and open storage and port back-up activities can be found near the Site. These include a steel factory and workshop, open storage/storage yards and vehicle parks.

2.3.3 To its west are some residential structures and further west and north are mostly active/fallow agricultural and vacant land.

2.4 Accessibility

2.4.1 The Site can be accessed from a local road leading from Tai Shu Ha Road East.

2.4.2 The subject area is served by taxis and green minibus No. 73 (Yuen Long - Fook Hong Street to Sung Shan New Village).

3. TOWN PLANNING

3.1 The Site falls within an area zoned "Agriculture" ("AGR") on the Approved Tai Tong OZP No. S/YL-TT/20 dated 15.12.2023. An extract of the OZP is available at **Appendix 1**.

3.2 According to the Notes of the OZP, the planning intention of "AGR" zone is "intended primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes".

3.3 According to the covering Notes of the OZP, temporary use or development of any land or building not exceeding a period of 3 years requires permission from the Board.

3.4 The Site is the subject of 9 previous planning applications including:

a) Application No. A/YL-TT/67 for "Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 28.1.2000;

b) Application No. A/YL-TT/91 for "Proposed Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 22.12.2000;

c) Application No. A/YL-TT/183 for "Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 29.7.2005;

d) Application No. A/YL-TT/236 for "Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 7.11.2008;

e) Application No. A/YL-TT/293 for "Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 2.12.2011;

f) Application No. A/YL-TT/338 for "Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 12.12.2014;

g) Application No. A/YL-TT/413 for "Renewal of Planning Approval for Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 24.11.2017;

h) Application No. A/YL-TT/506 for "Renewal of Planning Approval for Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 6.11.2020; and

i) Application No. A/YL-TT/614 for "Renewal of Planning Approval for Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years", which was approved on 10.11.2023. Please refer to the approval letter from the Board dated 24.11.2023 at **Appendix 4**.

4. PROPOSED DEVELOPMENT

4.1 Applied Use

4.1.1 The Applicant proposes to continue using the Site as temporary forklift training centre with ancillary facilities for a period of 3 years. The forklift training centre serves to provide an alternative outlet for existing and potential forklift operators to acquire theoretical knowledge and hands-on technique in forklift operation and safety measures from qualified instructors.

4.1.2 There is no change in the applied use, layout and development parameters compared to the previous planning application No. A/YL-TT/614.

4.1.3 No dismantling, maintenance, repairing, cleansing, paint spraying and other workshop activities will be carried out on the Site.

4.2 Proposed Layout

4.2.1 There are several existing structures, i.e. administration offices, covered training venues and storage areas, serving as ancilliary facilities to meet the operational needs of the forklift training centre. For details on the dimensions and uses of these structures, please refer to the Proposed Layout Plan at **Appendix 5**.

4.2.2 Identical to the last application No. A/YL-TT/614, 10 private car parking spaces (each measuring 5m x 2.5m) and 1 light goods vehicle loading/unloading space (7m x 3.5m) are provided for operational use.

4.3 Operation Hours

Identical to the last application No. A/YL-TT/614, the forklift training centre will be operated from 8:30 a.m. to 6:00 p.m. from Mondays to Saturdays, with no operation on Sundays and public holidays.

4.4 Drainage

The drainage facilities approved under previous application No. A/YL-TT/91 have been provided and will continue to be maintained within the Site. Please refer to approved as-built drainage plan and the relevant compliance letter for the submission of a record of the existing drainage facilities at **Appendix 6**.

4.5 Traffic

The main purpose of the Site is to provide training to the forklift drivers. The activities are carried out within the Site without heavy vehicles travelling. No forklift truck will be driven into/out of the Site and no dismantling, maintenance,

repairing, cleansing, paint-spraying and other workshop activities will be carried out thereat. No medium or heavy goods vehicle exceeding 5.5 tonnes, including container tractor/trailer, as defined in the Road Traffic Ordinance, will be parked/stored or enter/exit the Site. The applied use, therefore, will not generate additional number of vehicles under the current application.

4.6 Fire Precaution Measures

Some fire precaution measures have been provided and will continue to be maintained within the Site. The existing fire service installations were approved under the last application No. A/YL-TT/614. Please refer to the approved fire service installations proposal and the relevant compliance letters for the submission and implementation of fire service installations proposal at **Appendix 7**.

4.7 Landscape

The landscape and tree plantings approved under previous application No. A/YL-TT/236 have been provided and will continue to be maintained within the Site. Please refer to the approved landscape and tree preservation proposal and the relevant compliance letters for submission and implementation of landscape and tree preservation proposal at **Appendix 8**.

5. JUSTIFICATIONS

5.1 Previous Planning Permissions for the Same Use

Temporary approvals for the same "Temporary Forklift Training Centre with Ancillary Facilities" use were granted to the Site under 9 previous applications as mentioned in Paragraph 3.4 above. The current application is submitted by the same applicant for the same use at the same site. Without material change in planning circumstances, it is considered that the planning approval for the temporary eating place (restaurant) should be renewed to serve the neighbourhood.

5.2 Genuine Efforts in Compliance with Approval Conditions

All the approval conditions imposed on the last application No. A/YL-TT/614 have been satisfactorily complied with, as follows:

Item	Approval Condition	Compliance Date(s)
(b)	The submission of a condition record of the existing drainage facilities on the site.	2.8.2024 (Please refer to the Compliance Letter at **Appendix 6**)
(c)	The submission of a fire service installations proposal.	16.4.2024 (Please refer to the Compliance Letter at **Appendix 7**)
(d)	The implementation of the fire service installations proposal.	23.4.2024 (Please refer to the Compliance Letter at **Appendix 7**)

It was demonstrated that the Applicant had made genuine efforts to comply with the planning conditions under previous approvals, thus favourable consideration should be given to the application.

5.3 With Support of Construction Industry Training Authority

Following the expansion of the construction industry in recent years, there has been a continuous demand for the forklift drivers in Hong Kong. It is therefore necessary to keep providing formal forklift training. The applied use is able to meet the demand for forklift training and is supported by the Construction Industry Training Authority (CITA).

5.4 Unlikely Rehabilitation of the Site for Agricultural Use

The agricultural activities on the Site have ceased for more than 20 years as early as

1979. As evidenced by on-site observation, nearly all the agricultural land immediately surrounding the Site has been either converted to other uses or left fallow. In addition, most of the livestock activities in the area, such as poultry and pig farming, have ceased operations. Given that the surrounding land uses are predominantly non-agricultural in nature, it is unlikely that the Site will be rehabilitated for agricultural use.

5.5 Provision of Noise Buffer

As provided in the previously approved applications No. A/YL-TT/91, 183, 236, 293, 338, 413, 506 and 614, the previously introduced brick structures within the Site will continue to provide buffer to minimise noise nuisance to the adjacent residential developments.

5.6 Compatible with Surrounding Land Uses

The locality of the Site has generally been occupied by a steel factory and workshop, open storage/storage yards and vehicle parks. The existing forklift training centre with ancillary facilities is considered compatible with the neighbouring industrial, open storage and port back-up activities. Moreover, to its immediate north is the expansion part of the existing forklift training centre, which was approved under planning application No. A/YL-TT/793 on 14.8.2026 with valid planning permission until 1.9.2029. Therefore, the applied use is considered compatible with the surrounding uses in the area.

5.7 No Additional Traffic, Drainage and Environmental Impacts

The Site has been operated as a "Temporary Forklift Training Centre with Ancillary Facilities" for many years, with valid planning permission under 9 previous applications (No. A/YL-TT/67, 91, 183, 236, 293, 338, 413, 506 and 614) approved between 2000 and 2023. Since the Applicant has demonstrated genuine efforts to comply with all the approval conditions imposed on the last application No. A/YL-TT/614, the as-built drainage facilities, fire service installations and landscape works are provided to the satisfaction of relevant Government departments. In this regard, no additional traffic, adverse drainage and environmental impacts are anticipated.

6. CONCLUSION

6.1 The Site has been used as "Temporary Forklift Training Centre with Ancillary Facilities" for many years. The Applicant seeks planning permission to continue operating the applied use under Section 16 of the Town Planning Ordinance.

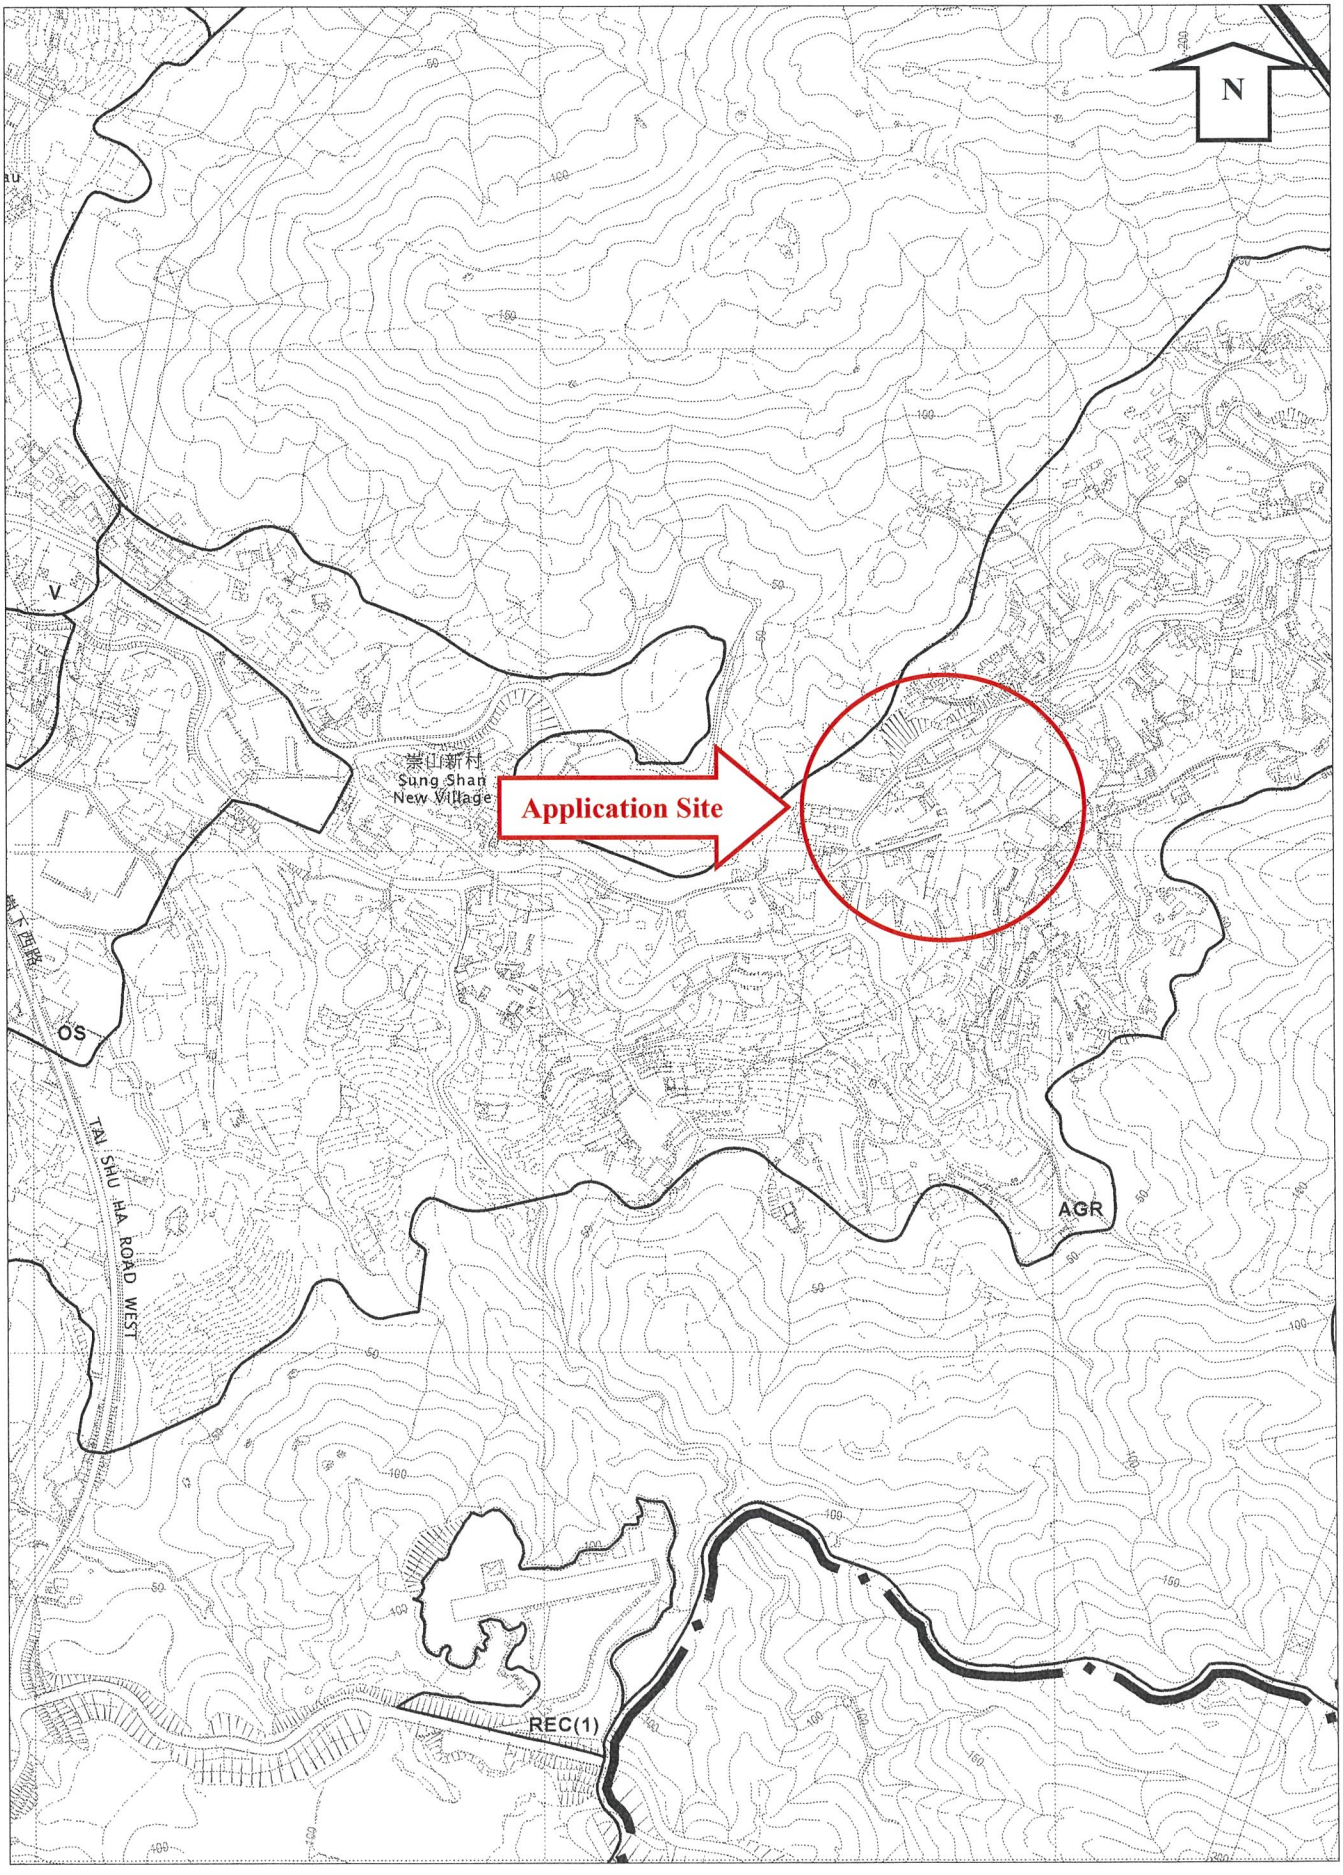

6.2 With regard to the following justifications:

- previous planning permissions for the same use;
- genuine efforts in compliance with previous approval conditions;
- with support of Construction Industry Training Authority;
- unlikely rehabilitation of the Site for agricultural use;
- provision of noise buffer;
- compatible with surrounding land uses; and
- no additional traffic, drainage and environmental impacts.

the Board is requested to approve the current application for "Renewal of Planning Approval for Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years" at Lots 2269 S.B ss.1 (Part), 2270 S.A RP (Part), 2270 S.B (Part), 2271 (Part), 2272, 2273 S.A and 2273 S.B (Part) in D.D. 118 and adjoining Government Land, Sung Shan New Village, Tai Tong, Yuen Long, New Territories.

Extract of the Approved Tai Tong Outline Zoning Plan No. S/YL-TT/20 dated 15.12.2023 and its Relevant Notes

For Identification Only

(b) the following uses or developments require permission from the Town Planning Board:

provision of plant nursery, amenity planting (other than by Government), sitting out area, rain shelter, refreshment kiosk, footpath, public utility pipeline, electricity mast, lamp pole, telephone booth and shrine.

(10) In any area shown as 'Road', all uses or developments except those specified in paragraphs (8)(a) to (8)(d) and (8)(g) above and those specified below require permission from the Town Planning Board:

road, toll plaza, on-street vehicle park, railway station and railway track.

(11) (a) Except in areas zoned "Conservation Area", temporary use or development of any land or building not exceeding a period of two months is always permitted provided that no site formation (filling or excavation) is carried out and that the use or development is a use or development specified below:

structures for carnivals, fairs, film shooting on locations, festival celebrations, religious functions or sports events.

(b) Except as otherwise provided in paragraph (11)(a), and subject to temporary uses for open storage and port back-up purposes which are prohibited in areas zoned "Conservation Area", temporary use or development of any land or building not exceeding a period of three years requires permission from the Town Planning Board. Notwithstanding that the use or development is not provided for in terms of the Plan, the Town Planning Board may grant permission, with or without conditions, for a maximum period of three years, or refuse to grant permission.

(c) Temporary use or development of land or building exceeding three years requires permission from the Town Planning Board in accordance with the terms of the Plan.

(12) Unless otherwise specified, all building, engineering and other operations incidental to and all uses directly related and ancillary to the permitted uses and developments within the same zone are always permitted and no separate permission is required.

(13) In these Notes, unless the context otherwise requires or unless as expressly provided below, terms used in the Notes shall have the meanings as assigned under section 1A of the Town Planning Ordinance.

"Existing building" means a building, including a structure, which is physically existing and is in compliance with any relevant legislation and the conditions of the Government lease concerned.

"New Territories Exempted House" means a domestic building other than a guesthouse or a hotel; or a building primarily used for habitation, other than a guesthouse or a hotel, the ground floor of which may be used as 'Shop and Services' or 'Eating Place', the building works in respect of which are exempted by a certificate of exemption under Part III of the Buildings Ordinance (Application to the New Territories) Ordinance (Cap. 121).

Dear Sir/Madam,

Renewal of Planning Approval for Temporary Forklift Training Centre with Ancillary Facilities for a Period of 3 Years in "Agriculture" Zone, Lots 2269 S.B ss.1 (Part), 2270 S.A (Part), 2270 S.B (Part), 2271 (Part), 2272 and 2273 (Part) in D.D. 118 and Adjoining Government Land, Sung Shan New Village, Tai Tong, Yuen Long

I refer to my letter to you dated 6.11.2023.

After giving consideration to the application, the Town Planning Board (TPB) approved the application for permission under section 16 of the Town Planning Ordinance (the Ordinance) on the terms of the application as submitted to the TPB. The permission shall be valid on a temporary basis for a period of 3 years and be renewed from 13.12.2023 to 12.12.2026 and is subject to the following conditions :

(a) the existing drainage facilities on the site shall be maintained at all times during the planning approval period;

(b) in relation to (a) above, the submission of a condition record of the existing drainage facilities on the site within 3 months from the date of commencement of the renewed planning approval to the satisfaction of the Director of Drainage Services or of the TPB by 13.3.2024;

(c) the submission of a fire service installations proposal within 6 months from the date of commencement of the renewed planning approval to the satisfaction of the Director of Fire Services or of the TPB by 13.6.2024;

(d) in relation to (c) above, the implementation of the fire service installations proposal within 9 months from the date of commencement of the renewed planning approval to the satisfaction of the Director of Fire Services or of the TPB by 13.9.2024;

(e) if the above planning condition (a) is not complied with during the planning approval period, the approval hereby given shall cease to have effect and shall be revoked immediately without further notice; and

(f) if any of the above planning condition (b), (c) or (d) is not complied with by the specified date, the approval hereby given shall cease to have effect and shall on the same date be revoked without further notice.

The TPB also agreed to advise you to note the advisory clauses as set out at Appendix V of the TPB Paper.

You are reminded to **strictly** adhere to the time limit for complying with the above planning conditions. If any of the above planning conditions are not complied with by the specified time limit, the permission given shall be revoked without further notice and the development will be subject to enforcement action. If you wish to apply for extension of time for compliance with planning conditions, you should submit a section 16A application to the TPB no less than six weeks before the expiry of the specified time limit. This is to allow sufficient time for processing of the application in consultation with the concerned departments. The TPB will not consider any application for extension of time if the time limit specified in the permission has already expired at the time of consideration by the TPB. For details, including the total time period for compliance that might be granted, please refer to the TPB Guidelines No. 34D (https://www.tpb.gov.hk/en/forms/Guidelines/TPB_PG-No_34D_eng.pdf) and 36B (https://www.tpb.gov.hk/en/forms/Guidelines/TPB_PG_36.pdf). The Guidelines, application form (Form No. S16A) and the Guidance Notes for applications are available at the TPB's website (https://www.tpb.gov.hk/en/resources/index.html), the Planning Enquiry Counters of the Planning Department (Hotline: 2231 5000) at 17/F, North Point Government Offices, 333 Java Road, North Point; 14/F, Sha Tin Government Offices, 1 Sheung Wo Che Road, Sha Tin; and the Secretariat of the TPB at 15/F, North Point Government Offices.

This temporary permission will lapse on 13.12.2026. You may submit an application to the TPB for renewal of the temporary permission no less than two months and normally no more than four months before its expiry by completing an application form (Form No. S16-III). Application submitted more than four months before expiry of the temporary approval may only be considered based on the individual merits and exceptional circumstances of each case. For details, please refer to TPB Guidelines No. 34D (https://www.tpb.gov.hk/en/forms/Guidelines/TPB_PG-No_34D_eng.pdf). However, the TPB is under no obligation to renew the temporary permission.

For amendments to the approved development that may be permitted with or without application under section 16A, please refer to TPB Guidelines No. 36B for details.

The TPB Paper in respect of the application is available at this link (https://www.tpb.gov.hk/en/meetings/RNTPC/Agenda/730_rnt_agenda.html) and the relevant extract of minutes of the TPB meeting held on 10.11.2023 is enclosed herewith for your reference.

Under section 17(1) and 17(1A) of the Ordinance, an applicant aggrieved by a decision of the TPB may in writing apply to the TPB for a review of the decision and set out the grounds for the review. If you wish to seek a review, you should inform me and provide the grounds for the review within 21 days from the date of this letter (on or before 15.12.2023). I will then contact you to arrange a hearing before the TPB which you and/or your authorized representative will be invited to attend. The TPB is required to consider a review application within three months of receipt of the application for review. Please note that any review application will be published for three weeks for public comments.

This permission by the TPB under section 16 of the Ordinance should not be taken to indicate that any other government approval which may be needed in connection with the development, will be given. You should approach the appropriate government departments on any such matter.

If you have any queries regarding this planning permission, please contact Ms. L.C. Cheung of the Tuen Mun & Yuen Long West District Planning Office at 2158 6000. In case you wish to consult the relevant Government departments on matters relating to the above approval conditions, a list of the concerned Government officers is attached herewith for your reference.

Yours faithfully,

(Leticia LEUNG)
for Secretary, Town Planning Board

Dear Sir/Madam,

Compliance with Approval Condition (b)
Planning Application No. A/YL-TT/614

I refer to your submission dated 2.7.2024 for compliance with the captioned approval condition (b) on the submission of a condition record of the existing drainage facilities on the site. The Drainage Services Department (DSD) has been consulted on your submission. Your submission is considered:

☑ Acceptable. The captioned condition **has been complied** with. Please find detailed departmental comments at **APPENDIX**.

☐ Acceptable. Since the captioned condition requires both the submission and implementation of the proposal, it **has not been fully complied with**. Please proceed to implement the accepted proposal for full compliance with the approval condition.

☐ Not acceptable. The captioned condition **has not been complied with**.

Should you have any queries on the departmental comments, please contact Mr. Jeff TSE (Tel: 2300 1627) of DSD or the undersigned.

Yours faithfully,

(Ms. Eva TAM)

APPENDIX

Comments of the Chief Engineer/Mainland North of Drainage Services Department (CE/MN of DSD)

The applicant is reminded to maintain all the drainage facilities on site in good condition and ensure that the proposed development would neither obstruct overland flow nor adversely affect existing natural streams, village drains, ditches and the adjacent areas, etc. The applicant is required to rectify the drainage system at their own expense to the satisfaction of the government parties concerned if they are found to be inadequate or ineffective during operation.
