(Attn: The Secretary)

Dear Sir,

**Proposed Temporary Open Storage and Warehouse for Storage of Electrical Supplies, Metal and Construction Materials for a Period of 3 Years at Lots 2686 (Part), 2687 (Part), 2699 (Part) & 2701 (Part) in D.D. 124, New Territories**

The loading and unloading activities as well as the manoeuvring of vehicle were carried out outside the affected site. In view of the traffic management concern, the applicant will carry out the loading and unloading activities and smooth manoeuvring of light goods vehicle within the application site which occupy significant space within the application site. Also, landscaping including double rows of trees is proposed to upgrade the visual environment because of the adjacency of the residents. As such, the application site is larger than the affected site.

Should you have any enquiries, please feel free to contact our Mr. Patrick Tsui at [REDACTED] [REDACTED] at your convenience.

Yours faithfully,

  

Patrick Tsui
