Extract of Minutes of the Metro Planning Committee held on 28.10.2022

[Open Meeting]

Proposed Amendments to the Approved Kennedy Town and Mount Davis Outline Zoning Plan No. S/H1/22

(MPC Paper No. 12/22)

40. The Secretary reported that the proposed amendment involved a site to be redeveloped by the University of Hong Kong (HKU). The following Members had declared interests on the item:

- | | |
|--|---|
| Mr Wilson Y.W. Fung
(the Vice-chairman) | - being the Chairman of the Accounting Advisory Board of School of Business, HKU; |
| Ms Bernadette W.S. Tsui | - being the Associate Vice-president (Development & Alumni Affairs) of HKU; |
| Ms Lilian S.K. Law | - being an Adjunct Associate Professor of HKU;
and |
| Professor Roger C.K. Chan | - being an Honorary Associate Professor of HKU. |

41. The Committee noted that Ms Bernadette W.S. Tsui had tendered an apology for being unable to attend the meeting. As the interests of the Vice-chairman, Ms Lilian S.K. Law and Professor Roger C.K. Chan were indirect, the Committee agreed that they could stay in the meeting.

Presentation and Question Sessions

42. With the aid of a PowerPoint presentation, Ms Erica S.M. Wong, STP/HK,

briefed Members on the background of the proposed amendment to the OZP, the technical consideration, consultation conducted and departmental comments as detailed in the Paper. The proposed amendment was as follows:

Amendment Item A (about 1.64 ha) – revision of the building height restriction for a portion of the “Government, Institution or Community” zone at the junction of Pok Fu Lam Road and Pokfield Road from ‘4 storeys’ to ‘115mPD’ and ‘155mPD’.

43. As the presentation by PlanD’s representative had been completed, the Chairman invited questions from Members.

44. Members had no question on the proposed amendment.

45. After deliberation, the Committee decided to :

- (a) agree to the proposed amendment to the approved Kennedy Town and Mount Davis Outline Zoning Plan (OZP) and that the draft Kennedy Town and Mount Davis OZP No. S/H1/22A at Attachment II (to be renumbered to S/H1/23 upon exhibition) and its Notes at Attachment III were suitable for exhibition under section 5 of the Ordinance; and
- (b) adopt the revised Explanatory Statement (ES) at Attachment IV for the draft Kennedy Town and Mount Davis OZP No. S/H1/22A (to be renumbered to S/H1/23 upon exhibition) as an expression of the planning intentions and objectives of the Town Planning Board (the Board) for the various land use zonings of the OZP and the revised ES would be published together with the OZP.

46. Members noted that, as a general practice, the Secretariat of the Board would undertake detailed checking and refinement of the draft OZP including the Notes and ES, if appropriate, before their publication under the Town Planning Ordinance. Any major revision would be submitted for the Board’s consideration.

[The Chairman thanked Ms Erica S.M. Wong, STP/HK, and Ms Vidyan P.S. Ng, TP/HK, for their attendance to answer Members’ enquiries. They left the meeting at this point.]

Note:

The planned population of Kennedy Town & Mount Davis is about 81,380 (the planned population excluding transient is about 77,870).

Remark:

The requirements exclude planned population of transients.

^ The deficit in provision is based on OZP planned population while the Hospital Authority (HA) plans its services on a cluster basis and takes into account a number of factors in planning and developing various public healthcare services. The Hong Kong West Cluster (HKWC) provides services for residents in Central, Western and Southern Districts. There are a number of hospital redevelopment projects planned in the First and Second Ten-year Hospital Development Plans (HDPs), which will provide additional beds for serving the population in HKWC. The projected

service demand will be catered for in the First and Second Ten-year HDPs.

- & The deficit in provision is based on the OZP planned population while according to the Education Bureau (EDB), general speaking, the provision of public sector primary school places is planned on a district basis and the public sector secondary school places is on a territory-wide basis. Under the prevailing mechanism, EDB will make reference to the school-age population projections, which are compiled based on the population projections updated regularly by the Census and Statistics Department, and take into account the actual number of students at various levels as well as the latest demographic changes (including the number of newly-arrived children from the Mainland) in estimating the future demand for school places and related resources. EDB will consider factors such as the latest projections, other factors that may affect the demand for school places in certain districts, different options to increase the supply of school places in particular districts, the prevailing education policies (including to enhance teaching and learning environment through reprovisioning) etc. before deciding whether it is necessary to allocate school premises for setting up new school(s) or reprovisioning of existing school(s). According to EDB's assessment, at present, there are sufficient number of school places for the eligible school-aged population in Central and Western District.
- * The deficit in provision is based on OZP planned population while the Social Welfare Department (SWD) adopts a wider spatial context/cluster in the assessment of provision for such facility. In applying the population based planning standards, the distribution of welfare facilities, supply in different districts, service demand as a result of the population growth and demographic changes as well as the provision of different welfare facilities have to be considered. As the HKPSG requirements for these facilities are a long term goal, the actual provision will be subject to consideration of the SWD in the planning and development process as appropriate. The Government has been adopting a multipronged approach with long, medium and short term strategies to identify suitable sites or premises for the provision of more welfare services which are in acute demand.
