**Relevant extracts of the Town Planning Board Guidelines on
“Renewal of Planning Approval and Extension of Time for Compliance with Planning
Conditions for Temporary Use or Development”
(TPB PG-No. 34D)**

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstances since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.
2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department:

- no adverse comment on the application; and
- according to his record, there is no Small House application approved/under processing at the application site (the Site).

2. Traffic

(a) Comments of the Commissioner for Transport:

No adverse comment on the application from traffic engineering point of view.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department:

No objection to the application from highway maintenance point of view.

3. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department:

- no objection in principle to the application from drainage point of view; and
- a condition should be stipulated requiring the applicant to maintain the existing drainage facilities, and to submit condition record of the existing drainage facilities to his satisfaction.

4. Environment

Comments of the Director of Environmental Protection:

- no adverse comment on the application; and
- there was no environmental complaint pertaining to the Site received in the past three years.

5. Fire Safety

Comments of the Director of Fire Services (D of FS):

No in-principle objection to the proposal subject to fire service installations (FSIs) being provided on the Site.

6. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department:

- no adverse comment on the application under the Buildings Ordinance; and
- no record of approval granted by the Building Authority for the existing structures.

7. Water Supplies

Comments of the Chief Engineer/Construction, Water Supplies Department:

No objection to the application.

8. District Officer's Comments

Comments of the District Officer (Yuen Long), Home Affairs Department:

- no comment from departmental point of view; and
- his office has not received any comment from the locals on the application.

Recommended Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the application site (the Site);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
- the Site comprises Old Schedule Agricultural Lot 977 RP in D.D. 125 under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
 - the private Lot 977 RP in D.D. 125 is covered by Short Term Waiver (STW) No. 4752 for the purpose of “temporary shop and services (real estate agency)”;
 - the STW holders should apply to his office for modification of the STW conditions where appropriate. The application(s) for STW will be considered by the Government in its capacity as a landlord and there is no guarantee that such application(s) will be approved. The STW will be subject to such terms and conditions, including the payment of waiver fee and administrative fee as considered appropriate by LandsD. Besides, given the applied use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered;
- (c) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains;
- (d) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department that the required condition record should include coloured photos showing the current condition of the drainage facilities and a layout plan indicating the locations of the photos taken. The submitted photos should cover all internal surface channels, catch pits, sand traps, manholes, terminal catch pits/manholes and the downstream discharge path as indicated on the submitted drainage proposal;
- (e) to note the comments of the Director of Environmental Protection that the applicant is advised to follow the latest “Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites” in order to minimise the potential environmental nuisances on the surrounding areas;
- (f) to note the comments of the Director of Fire Services that:
- the applicant is advised to submit a full set of valid F.S. 251(s) covering all the fire service installations implemented on the Site; and
 - if the proposed structure(s) is required to comply with the Buildings Ordinance (BO)(Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans; and
- (g) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:
- the Site shall be provided with means of obtaining access thereto from a street and

emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5 m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage;

- if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the application;
- for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;
- before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW under the BO. An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO; and
- any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R. Detailed checking under the BO will be carried out at building plan submission stage.
