Dear Jackin,

1. Reply to the Environmental Protection Department : We have checked the document provided by landlords and have a site visit. According to the landlord information, they haven't connected the pool drainage to storm drain for a long long time as there is no disposal of wastewater from the pool. The landlords no longer use the pool for swimming now. Mostly the pool is a landscape. Disposable cartridge filter is being used to keep the water clean. But no backwash process needed. Therefore there is no foul water discharge.
2. Reply to Lands Department : If the application is successful, we will apply the STW form Lands Department.
3. Please find attached the S16-III p.3 & p.10.
- 4) Please find attached the Survey Plan .

Please you have further concern of the above matter, please call me at [REDACTED] or email me at [REDACTED].

Thank you for your attention.

Dear Jackin,

1. Reply to the Building Dept Mr. Dennis : Upon successful approval of the planning application , we will proceed to submit the necessary building plans to the Building Department for further processing.

- 2) Reply to Environmental Protection Mr. Alan : An automated water level monitoring device will be installed to detect real-time changes in the pool's water level. When the water level exceeds the standard limit, a pump will divert the excess water to a backup storage tank, which will later be removed by water trucks. Additionally, large water storage tanks will be set up on-site as a buffer reserve. The number of tanks can be flexibly adjusted based on seasonal rainfall. The stored water will be recycled for purposes such as landscape irrigation and environmental cleaning within the premises.

Please you have further concern of the above matter, please call me at [REDACTED] or email me at [REDACTED].

Thank you for your attention.

However, there is no guarantee that the aforesaid STW will be approved by the Government. Such waiver application, if approved, will be subject to such terms and conditions including, among others, payment of waiver fee and administrative fee, as the Government considers appropriate;
- (e) there is no Small House application involved for the Lot and there are total 84 outstanding Small House applications being processed in Ho Chung; and
- (f) the Indigenous Inhabitant Representative (IRR) has not provided the figure for 10-year Small House demand forecast since 31.12.2019. The latest record (as at 31.12.2019) provided by the IIR for the 10-year Small House demand was 480. The figure has not been verified by her office.
