Relevant Extract from the Town Planning Board Guidelines
For Development Within “Other Specified Uses (Business)” Zone
TPB PG-No. 22D

- (a) the “Other Specified Uses” annotated “Business” (“OU(B)”) zone has been introduced to allow maximum flexibility in the use of existing industrial and industrial-office (I-O) buildings as well as in the development of new buildings for both commercial and clean industrial uses. The planning intention of the “OU(B)” zone is primarily for general employment uses;
- (b) whilst it is the intention to provide greater flexibility in the use of the existing industrial or I-O buildings before such buildings are redeveloped, it is necessary to ensure that the fire safety and environmental concerns are properly addressed. In view of the possible presence of existing polluting and hazardous industrial uses, it is necessary to ensure compatibility of the uses within the same building until the whole building is modified/converted to accommodate the new non-polluting and less fire hazard-prone uses;
- (c) Fire Services Department should be satisfied on the risks likely to arise or increase from the proposed commercial use under application. Owing to fire safety concern, the aggregate commercial floor areas on the ground floor of an existing industrial/I-O building with and without sprinkler systems should not exceed 460m² and 230m² respectively. For any application which would result in a slight exceedance of the relevant floor area limit, the applicant has to demonstrate that the fire safety concern can be satisfactorily addressed, and each case will be considered by the Board on its own merits. The above limits on commercial floor area do not apply to uses which are ancillary to or for the purposes of supporting the industrial activities and the routine activities of the workers in the industrial or I-O building. These uses include bank, fast food counter, electrical shop, local provisions store and showroom in connection with the main industrial use. Separate means of escape should be available for the commercial portion; and
- (d) for all new development, redevelopment, conversion and material change of use, adequate parking and loading/unloading spaces should be provided in accordance with the requirements of the Hong Kong Planning Standards and Guidelines, and all other statutory or non-statutory requirements of relevant Government departments must also be met.

Recommended Advisory Clauses

- (a) to note the comments of the District Lands Officer/Shah Tin, Lands Department (DLO/ST, LandsD) that:
 - (i) the lot owner has submitted a waiver application to permit 'Retail and Services' at the Premises. The said waiver application will be processed by LandsD to allow the proposed use under planning application; and
 - (ii) notwithstanding, there is no guarantee that the waiver application will be approved. Such application, if received, will be considered by LandsD acting in its capacity as the landlord at its sole discretion and any approval for the waiver given would be subject to such terms and conditions including, inter alia, payment of waiver fee and administrative fee as may be imposed by LandsD;

An Authorized Person must be appointed to coordinate all new building works in accordance with the Buildings Ordinance (BO). However, the carrying out of minor works can follow the provision laid down under the Minor Works Control System;
