Lots 579 in D.D. 117, Pak Sha Tsuen, Tai Tong, Yuen Long

Site area: About 1,645sq.m

Zoning: "Agriculture"

Applied use: Animal Boarding Establishment / 4 Vehicle Parking / **Filling of Land / 5 Years**

Dear TPB Members,

Another FAKE ABE application. Note that as with the Warehouse plan the entire site is to be filled in. Moreover application period is for 5 years.

688 was withdrawn and 628 was rejected

Rural & NT Planning Committee

746th RNTPC MEETING ON 19.07.2024

After deliberation, the Committee decided to reject the application and the reasons are :

(a) the proposed use and **associated filling of land are not in line with the planning intention of the "Agriculture"** zone which is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes, and to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. No strong planning justification has been given in the submission to justify a departure from the planning intention, even on a temporary basis; and

(b) **the proposed use and associated filling of land are not compatible with the surrounding landscape character.**

There is absolutely no justification that members approve this application in view of the fact the 95% of ABE applications are FAKE and have been revoked.

Change in purported land use cannot override the justification of the previous decision.

Applied use: Shop and Services / 2 Vehicle Parking / **Associated Filling of Land**

Dear TPB Members,

626 and 628 REJECTED 19 July as inappropriate land uses.

This application is for part of the latter and yet another attempt to convert Agriculture zoning to brownfield. Shops should be in villages not on farmland.

The application should be rejected for the same reasons as 628.

Dear TPB Members,

The lots are adjacent so should be considered together as the impact is similar.

No history of previous applications. There is considerable farming activity in the area with strawberry and organic farms.

Members should reject the application in order to preserve the green lung strip between very densely developed areas.

Dear Sir/ Madam,

**Proposed Temporary Animal Boarding Establishment with Ancillary Facilities and
Associated Filling of Land for a Period of 5 Years**
(A/YL-TT/728)

1. We refer to the captioned, and we would like the Board to first look at some drone photos taken in September 2025 showing the site and the farmlands in the Tai Tong area in general in **Figure 1**.

2. In early December 2024, the government proposed to designate 37 sites as Agricultural Priority Areas (APAs)¹. One of these proposed APAs is located at Tai Tong¹. According to the relevant government document¹, the objectives of this APA policy are as follows:

- *To promote the overall sustainable development and industrial diversification of the local agriculture industry, the Government proposed to delineate some quality farmland as Agricultural Priority Areas (APAs) through administrative means to achieve the policy objective of putting the relevant land into active agricultural use, and to roll out support measures to facilitate long-term active farming use for APAs.*

3. The document¹ also states:

- *To implement the proposal on APAs, the Government plans to promulgate a "Policy Statement" to set out, through administrative means, its policy objective of*

delineating APAs to preserve quality farmland for long-term agricultural development and their relevant locations. This serves to inform the public of the Government's policy to prioritise agriculture use on the relevant land, and provide a guiding direction for the Government and the private sector on the future planning of the relevant land use.

4. We urge the Board to investigate with relevant authorities as to whether the current application site is located within one of the proposed APAs (e.g., Tai Tong). If it is not within APA, we also urge the Board to investigate with relevant authorities as to how close the Tai Tong APA would be to the current application site, and then to consider with relevant authorities as to whether the proposed use would cause potential impacts to affect this APA. Although the relevant government paper for APA¹ mentions the followings: 'As for planning applications for non-agricultural use of farmland outside APAs, objections will normally not be raised by AFCD from agricultural perspective', we still would like the Board to consider our concern as stated above.

5. However, if the site is within APA (even not the entire site is within APA), we urge the Board to consider, after consulting relevant authorities, as to whether it is appropriate to approve this application. We urge the Board to consider whether the approval of this application would affect the APA policy proposed by the government.

6. Regarding 'Animal Boarding Establishment', we also recommend the Board to look at a news report relating to this item².

7. We urge the Board to reject this application as it is not in line with the planning intention of the Agriculture zone. If this application is to be approved, we urge the Board to consider whether the site would need to be reinstated upon the expiry of the planning permission; if yes, whether this should be set as an approval condition.

8. Thank you for your attention.
