Dear Mr. Yeung/Leung,

In reply to your query as to whether the proposed toilet is a portable one, the answer is affirmative. Our licenced collectors will be arranged to collect and dispose of the sewage and waste from the proposed use.

2. Further information will be submitted to the Secretary of the Town Planning Board later. In the meantime, we will request to defer the consideration of our application in order to allow more time to prepare the further information.

Yours sincerely,

Chris Tang
