Banyan Garden Scheme Comparison

Approved Scheme

A Banyan Garden with a lawn area was proposed to form part of the POS at G/F. During the detailed design stage, to prevent potential spread of BRRD, it became evident that this scheme requires erecting the balustrade outside the lawn area to fully restrict public access to the lawn area.

A balustrade will be erected along the planter expansion, whilst the subterranean soil cell systems will support a new civic plaza above which is publicly accessible.

Existing Fence +6.00 mPD
