Planning Statement

Introduction

1. This Planning Statement is submitted to the Town Planning Board (“the Board”) on behalf of Mr. ZHANG Mingzhao (“the Applicant”) in support of the planning application for a ‘Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Office and associated Filling of Land and Pond for a period of 3 years’ (“the Proposed Development”) at Lot Nos. 176 (Part), 179 RP (Part), 207 RP (Part) and 224 (Part) in D.D. 110, Yuen Long, New Territories (“the Site”) under Section 16 of the Town Planning Ordinance.

Application Site (Plans 1 and 2)

2. The Site comprises Lot Nos. 176 (Part), 179 RP (Part), 207 RP (Part) and 224 (Part) in D.D. 110, Yuen Long, New Territories. The Site is accessible from Kong Po Road via a local track leading to the ingress to its east.
3. The site area is about 1,501 m². No Government Land is involved.

Planning Context

4. The Site falls within an area zoned “Agriculture” (“AGR”) on the Approved Kam Tin North Outline Zoning Plan (the “OZP”) No. S/YL-KTN/11.
5. The planning intention of the “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.
6. According to the covering Notes of the OZP, temporary use or development of any land or building not exceeding a period of 3 years requires planning permission from the Board, notwithstanding that the use or development is not provided for in terms of the OZP. Besides, any filling of land and pond within the “AGR” zone shall not be undertaken without the permission from the Board.
7. Provided that the structures of the Proposed Development are temporary in nature, approval of the application on a temporary basis for a period of 3 years would not frustrate the long-term planning intention of the “AGR” zone.

Development Parameters

8. The following table summarises the details of the structures on site (**Plan 3**):

No.	Uses	Floor Area (ab.) (m ²)	Covered Area (ab.) (m ²)	Height (ab.) (m)	No. of Storey
1	Warehouse with Ancillary Office	225	225	9	1
2	Warehouse with Ancillary Office	225	225	9	1
Total		<u>450</u>	<u>450</u>		
		Plot Ratio	Site Coverage		
		0.30	30%		

9. The Proposed Development serves to meet the strong demand for warehouses in Yuen Long area. Construction materials such as bamboo, scaffoldings, bricks, metals, sand, etc. will be stored in the warehouses.
10. The Site is accessible from Kong Po Road via a local track. 4 nos. of parking space for medium goods vehicles (MGVs) are proposed at the Site. Sufficient space is allowed for vehicle manoeuvring within, entering and leaving the Site (**Plan 4**).
11. Operation hours are from 9 a.m. to 7 p.m. daily from Mondays to Saturdays, no operations on Sundays and public holidays.
12. About 1,326 m² of the Site has been paved with concrete of about 0.2 m in depth for the provision of a solid ground for the erection of temporary structures and vehicle manoeuvring. The pond (about 175 m²) within the Site has been filled with soil and concrete of about 1.5 m in depth to provide a solid ground for vehicle manoeuvring (**Plan 5**).

14. The similar applications were approved by the Committee between 2022 and 2025 on considerations that temporary approval would not frustrate the long-term planning intention of the “AGR” zone; not incompatible with surrounding land uses; and no adverse departmental comments or the concerns could be addressed by relevant approval conditions.
15. Given that the planning context of the adjacent areas has not been significantly altered, it is considered that the planning circumstances of the current application are relevant to the similar approved applications.

No Adverse Impacts to the Surroundings

Visual and Landscape

16. The Proposed Development involves the erection of single-storey temporary structures. The applied use is considered not incompatible with surrounding land uses intermixed with warehouses, residential dwellings and agricultural land. Adverse visual impacts to the surrounding areas are not anticipated.

Traffic

17. The trip attraction and generation rates are expected as follows:

	Daily Trip Attractions	Daily Trip Generations
09:00 – 10:00	0	0
10:00 – 11:00	2	0
11:00 – 12:00	0	0
12:00 – 13:00	0	1
13:00 – 14:00	0	1
14:00 – 15:00	1	0
15:00 – 16:00	0	0
16:00 – 17:00	0	0
17:00 – 18:00	0	1

18:00 – 19:00	0	0
Total Trips	<u>3</u>	<u>3</u>

18. In view of the low trip attraction and generation rates, it is expected that the Proposed Development should not cause adverse traffic impacts to the adjacent areas and road network.
19. The Site is accessible from Kong Po Road via a local track. 4 nos. of parking space for MGVs are provided at the Site. Sufficient space is allowed for vehicle manoeuvring within, entering and leaving the Site (**Plan 4**).
20. The Proposed Development is for warehouse only. Given that no visitors will be accepted at the Site, no visitor parking space will be provided. Staff are residents living in the vicinity. They will come to the Site on foot.

Environment

21. The Applicant undertakes to follow the measures as set out in the ‘Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites’ issued by the Environmental Protection Department in order to minimise any possible environmental nuisances, and to comply with all environmental protection/pollution control ordinances.
22. The Proposed Development is intended for warehouse use only. Loading and unloading activities will only be conducted from 9 a.m. to 7 p.m. from Mondays to Saturdays. No workshop activities will be allowed at the Site. No public announcement systems, whistle blowing or portable loudspeaker will be allowed within the Site. Potential adverse noise impacts to the surrounding areas are not anticipated.

Drainage

23. The Applicant will submit a drainage proposal, with the provision of periphery u-channels and catchpits to mitigate the potential adverse drainage impacts generated by the Proposed Development after planning approval has been granted from the Board. The Applicant will proceed to implement the proposed drainage facilities at the Site once the drainage proposal is accepted by the Drainage Services Department.

Fire Safety

24. The Applicant will submit a layout plan incorporated with the proposed fire service installations (FSI) after planning approval has been granted from the Board. The Applicant will proceed to implement the FSI proposal at the Site once it is accepted by the Director of Fire Services.

- (a) failure to reinstate the application site (the Site) as required under the relevant approval condition upon expiry of the planning permission might constitute an unauthorized development under the Town Planning Ordinance and be subject to enforcement and prosecution actions;
- (b) to resolve any land issues relating to the proposed use with the concerned owner(s) and/or occupant(s);
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Short Term Waiver (STW) holder(s) will need to apply to his office for modification of the STW conditions where appropriate and the lots owner(s) shall apply to his office for a STW to permit the structure(s) erected within Lots No. 176, 179 RP and 224 all in D.D. 110. Dear TPB Members,

Strong Objections. No previous history of approvals for the lower lots. The top part of the site should be considered together with 1152 as part of the footprint of 961 approved 5 Feb 2024 despite the record of contempt for the conditions.

Revoked 5 Oct 2024 for failure to fulfil Drainage conditions.

This site has already been filled in despite having no record of previous application for most of the site.

The application should be rejected. Destroy to Build should not be regarded.

Applied use: 30 Vehicle Parking / **Filling of Land**

Dear TPB Members,

While there is no history of approvals, the lots are part of a large brownfield zone. The justification for a private car park is questionable as there are no residences nearby. In addition the site is far too large for 30 vehicles only.

The site is between 721 and 747, both applications that have failed to fulfill conditions.

Members should question the relationship between the operations and the issues re conditions.
