1	A/YL-TYST/1184	Proposed Temporary Warehouse for Storage Electronic Goods for a Period of 3 Years	11.11.2022 [revoked on 11.5.2024]

Rejected Application

	<u>Application No.</u>	<u>Proposed Use(s)</u>	<u>Date of Consideration (RNTPC)</u>	<u>Rejection Reason(s)</u>
1	A/YL-TYST/295	Temporary Marble Workshop for a Period of 3 Years	29.7.2005	(1), (2)

Rejection Reason(s):

There was insufficient information in the submission to demonstrate that the development would not have adverse environmental impact on the surrounding areas.
- (2) Set an undesirable precedent. The cumulative effect of approving such similar applications would result in a general degradation of the environment of the area.

Rejected Application

	<u>Application No.</u>	<u>Proposed Use(s)/Development(s)</u>	<u>Date of Consideration (RNTPC)</u>	<u>Rejection Reason</u>
1	A/YL-TYST/1082	Temporary Warehouse for Storage of Furniture with Ancillary Office for a Period of 3 Years	23.7.2021	(1)

Rejection Reason:

- (1) The application involves previously revoked planning permissions due to non-compliance with the approval conditions. Approval of the application with repeated non-compliances would set an undesirable precedent for other similar planning permissions for temporary uses, nullifying statutory planning control.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD):

- no adverse comment on the application;
- the application site (the Site) comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government; and
- Lot 1229 in D.D. 119 is covered by Short Term Waiver No. 4282 for the purpose of “temporary warehouse and open storage of stage equipment”.

2. Traffic

(a) Comments of the Commissioner for Transport (C for T):

- no adverse comment on the application from traffic engineering perspective; and
- the local track and footpath leading to the Site is not under her purview.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD):

No adverse comment on the application.

3. Environment

Comments of the Director of Environmental Protection (DEP):

- no objection to the application;
- no environmental complaint concerning the Site was received in the past three years.

4. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no in-principle objection to the application from a drainage point of view provided that all existing drains/watercourse should be maintained and the overland flow from adjacent lands should not be affected;
- should the application be approved by the Town Planning Board (the Board), approval conditions requiring the submission, implementation and maintenance of a revised drainage proposal to the satisfaction of the Director of Drainage Services or of the Board should be stipulated.

5. **Fire Safety**

Comments of the Director of Fire Services (D of FS):

No in-principle objection to the application subject to fire service installations being provided to his satisfaction.

6. **Building Matters**

Comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD):

- no objection to the application;
- as there is no record of approval granted by the Building Authority (BA) for the existing structures at the Site, he is not in a position to offer comments on their suitability for the use proposed in the application; and
- it is noted that six structures are proposed in the application. Before any new building works (including containers/ open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are unauthorized building works under the Buildings Ordinance (BO). An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO.

7. **Long-Term Development**

(a) Comments of the Chief Engineer/Cross-Boundary Infrastructure and Development, Planning Department (CE/CID, PlanD):

- the Civil Engineering and Development Department (CEDD) and PlanD jointly commissioned the “Planning and Engineering Study for Housing Sites in Yuen Long South (YLS) – Investigation”. According to the Revised Recommended Outline Development Plan of YLS promulgated in May 2020, the majority portion of the Site falls within an area zoned “Residential – Zone 2 (with Commercial)” and a very minor portion falls within an area zoned “Government”; and
- the objective of YLS New Development Area is to transform the degraded rural land predominantly occupied by brownfield operations including open storage yards, warehouses and rural industrial uses into housing and other uses with supporting infrastructure and community facilities, and to improve the existing environment. It is noted that the application is for temporary use for a period of three years. In considering the application for temporary uses, due consideration should be given on the possible implication on land clearance which would affect the future implementation of YLS.

(b) Comments of the Project Manager (West) (PM(W)), CEDD:

No objection to the application.

8. District Officer's Comments

Comments of the District Officer (Yuen Long), Home Affairs Department (DO(YL), HAD):

His office did not receive any feedback from locals.

9. Other Departments

The following departments have no comment on/no objection to the application:

- Chief Engineer/Construction, Water Supplies Department (CE/C, WSD);
- Director of Electrical and Mechanical Services (DEMS); and
- Commissioner of Police (C of P).

Recommended Advisory Clauses

 - (ii) the existing 2.5m wide open drain, to which the applicant proposed to discharge the stormwater from the Site was not maintained by his office. The applicant shall resolve any conflict/disagreement arisen for discharging the runoff from the Site to the proposed discharge point(s). In the case that it is a local village drains, District Officer (Yuen Long) of Home Affairs Department should be consulted. Moreover, the applicant should ensure that this drainage system and the existing downstream drains/channels/streams have adequate capacity to convey the additional runoff from the Site. Regular maintenance should be carried out by the applicant to avoid blockage of the system;
 - (iii) further to (ii) above, since there is no record of the said discharge path, site photos at different locations and views should be provided to demonstrate its presence and existing condition;
 - (iv) the development should neither obstruct overland flow nor adversely affect existing natural streams, village drains, ditches and the adjacent areas, etc.;
 - (v) the applicant should consult DLO/YL, LandsD and seek consent from the relevant owners for any drainage works to be carried out outside his lot boundary before commencement of the drainage works; and

 - (iv) for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;

Dear TPB Members,

1184 was approved on 11 Nov 2022 and revoked on 11 May 2024. However the operator has enjoyed the full three years approval period, rendering the revocation process redundant.

Only now are plans being submitted for Drainage. However, there is no mention of the equally important Fire conditions. Members have a duty to consider the frequent fires that break out at these facilities and the damage inflicted on the district via the smoke and noxious fumes from emitted by burning electrical goods.

It is your duty to look into this matter.
