Dear Ms. Tsang,

We responded to the TD's comments.

1. We only have two days each week when vehicles can enter and exit the application site .

On each of those days, there are approximately four vehicle entry/exit trips per day, which means there are about eight trips per week in total.

2. We will install signage at the entrance indicating that vehicles are not allowed to wait outside the site.

We will assign staff to manage vehicle entry and exit issues. Additionally, vehicles that need to enter the site must notify us in advance to ensure that there are available parking spaces before proceeding.

3. We will be responsible for managing this road segment and will consult relevant departments for their input.

Thank You !

Regards,  
H.Y.Pang
