

**Government Departments with No Objection / No Adverse Comment**

The following government departments have no objection to or no adverse comment on the application:

- (a) District Lands Officer/Yuen Long, Lands Department;
- (b) Commissioner for Transport;
- (c) Chief Highway Engineer/New Territories West, Highways Department (HyD);
- (d) Chief Engineer/Railway Development 1-1, Railway Development Office, HyD;
- (e) Director of Environmental Protection;
- (f) Chief Engineer/Mainland North, Drainage Services Department;
- (g) Director of Fire Services;
- (h) Chief Building Surveyor/New Territories West, Buildings Department;
- (i) Chief Engineer/Construction, Water Supplies Department;
- (j) Project Manager (West), Civil Engineering and Development Department; and
- (k) District Officer (Yuen Long), Home Affairs Department.

**Recommended Advisory Clauses**

- (a) to resolve any land issues relating to the applied use with the concerned owner(s);
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that:
  - (i) the application site (the Site) comprises Old Schedule Agricultural Lots 135 RP, 136, 138 S.B RP and 139 RP all in D.D. 108 held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government;
  - (ii) Lots 136 and 139 RP in D.D. 108 are covered by Short Term Waivers (STWs) No. 6013 and 5392 for the purpose of “Temporary Open Storage of Construction Materials and Machineries with Ancillary Facilities and Any Ancillary Uses as may be approved by DLO/YL” and “Temporary Public Vehicle Park (Private Cars Only) with Ancillary Site Office” respectively; and
  - (iii) the STW holder(s) will need to apply to his office for modification of the STW conditions where appropriate and the lot owner(s) without STW shall apply to his office for a STW to permit the structure(s) erected within the said private lot(s). The application(s) for STW will be considered by the Government in its capacity as a landlord and there is no guarantee that it will be approved. The STW, if approved, will be subject to such terms and conditions including the payment of waiver fee and administrative fee as considered appropriate by LandsD. Besides, given the proposed use is temporary in nature, only erection of temporary structure(s) will be considered;
- (c) to note the comments of the Commissioner for Transport that:
  - (i) the Site is connected to the public road network via a section of a local access road which is not managed by the Transport Department. The land status of the local access road should be checked with LandsD;
  - (ii) the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
  - (iii) the applicant shall provide sufficient manoeuvring space within the Site; and
  - (iv) no vehicle is allowed to queue back to or reverse onto/from public road at anytime during the planning approval period;
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (HyD) that:
  - (i) HyD shall not be responsible for the maintenance of proposed access connecting the Site and Fan Kam Road including the local track, if any; and
  - (ii) adequate drainage measures should be provided to prevent surface water running from the Site to nearby public road and drains;

- (e) to note the comments of the Director of Environmental Protection that:
- (i) no dismantling, maintenance, repairing, cleaning, paint-spraying, operation of machineries or other workshop activities will be carried out at the Site at all times;
  - (ii) no vehicle exceeding 5.5 tonnes including medium/heavy goods vehicle and container tractor/trailer is allowed to enter/exit or be parked or stored at the Site at all times;
  - (iii) the applicant shall follow the latest 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites';
  - (iv) the applicant shall follow the relevant guidelines and requirements in relevant Professional Persons Environmental Consultative Committee Practice Notes (ProPECCPNs). If septic tank and soakaway system will be used in case of unavailability of public sewer, its design and construction shall follow the requirements of ProPECC PN 1/23 'Drainage Plans subject to Comment by the Environmental Protection Department' including completion of percolation test and certification by Authorized Person;
  - (v) the applicant shall provide adequate supporting infrastructure/facilities for proper collection, treatment and disposal of waste/wastewater generated from the applied use; and
  - (vi) the applicant shall meet the statutory requirements under relevant environmental legislation;
- (f) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that:
- (i) it is noted that one structure is involved in the application. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the Building Authority (BA) should be obtained, otherwise they are unauthorized building works (UBW) under the Buildings Ordinance (BO) (Cap. 123). An Authorized Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO;
  - (ii) the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively;
  - (iii) if the Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity of each individual site shall be determined under Regulation 19(3) of the B(P)R at building plan submission stage;
  - (iv) if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the BA, they are UBW under the BO and should not be designated for any applied use under the subject application;

- (v) for UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;
  - (vi) any temporary shelters or converted containers for office, storage, washroom or other uses are considered as temporary buildings are subject to the control of Part VII of the B(P)R; and
  - (vii) detailed checking under the BO will be carried out at building plan submission stage; and
- (g) to note the comments of the Chief Engineer/Construction, Water Supplies Department (WSD) that:
- (i) the existing water waterworks reserve for existing raw water mains will be affected (**Plan A-2** of the RNTPC Paper). A water works reserve shall be provided to WSD. No structure shall be erected over the water works reserve and such area shall not be used for storage or car-parking purposes;
  - (ii) access to the Site will make use of an existing crossing which bridges over the existing WSD's Dongjiang water mains. To guard against accidental fall of objects, including vehicle, from the crossing, high containment parapets along the edges of the crossing should be erected by the applicant;
  - (iii) the applicant should submit an assessment conducted and certified by a qualified professional showing the additional traffic loads induced by the applied use and the additional parapets mentioned above will not adversely affect the structural integrity of the existing crossing above the Dongjiang water mains;
  - (iv) the applicant should submit inspection record certified by a qualified professional, on an annual basis or upon request from the Director of Water Supplies, to confirm the existing crossing above the Dongjiang water mains is properly maintained and is in safe condition;
  - (v) the Water Authority and his officer and contractors, his or their workmen shall have free access at all times to the said area with necessary plant and vehicles for the purpose of construction, inspection, operation, maintenance and repair works. All other services across, through or under the water works reserve are required to seek authorisation from the Water Authority;
  - (vi) no trees or shrubs with penetrating roots may be planted within the water works reserve or in the vicinity of the water main; and
  - (vii) the Government shall not be liable to any damage whatsoever and howsoever caused arising from burst or leakage of the public water mains within and in close vicinity of the Site.
