Rejected Application

	<u>Application No.</u>	<u>Proposed Use(s)/Development(s)</u>	<u>Date of Consideration (RNTPC)</u>	<u>Rejection Reason</u>
1	A/YL-TYST/1082	Temporary Warehouse for Storage of Furniture with Ancillary Office for a Period of 3 Years	23.7.2021	(1)

Rejection Reason:

- (1) The application involves previously revoked planning permissions due to non-compliance with the approval conditions. Approval of the application with repeated non-compliances would set an undesirable precedent for other similar planning permissions for temporary uses, thus nullifying the statutory planning control.

Government Departments' General Comments

1. Land Administration

Comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD):

- no adverse comment on the application;
- the application site (the Site) comprises Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government; and
- the private lot is covered by Short Term Waiver No. 5269 for “temporary warehouse for storage of furniture”.

2. Traffic

(a) Comments of the Commissioner for Transport (C for T):

No adverse comment on the application from traffic engineering perspective.

(b) Comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD):

No adverse comment on the application.

3. Environment

Comments of the Director of Environmental Protection (DEP):

- no objection to the application; and
- no environmental complaint concerning the Site was received in the past three years.

4. Drainage

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- no in-principle objection to the application from a drainage point of view provided that all existing drains/watercourse should be maintained and the overland flow from adjacent lands should not be affected;
- should the application be approved by the Town Planning Board (the Board), approval conditions requiring the submission, implementation and maintenance of a revised drainage proposal to the satisfaction of the Director of Drainage Services or of the Board should be stipulated; and

- the applicant should note his advisory comments on the submitted drainage proposal at **Appendix V**.

5. Fire Safety

Comments of the Director of Fire Services (D of FS):

No in-principle objection to the application subject to fire service installations being provided to his satisfaction.

6. Building Matters

Comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD):

- no objection to the application; and
- it is noted that four structures are proposed in the application. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling, etc.) are to be carried out on the Site, prior approval and consent of the Building Authority should be obtained, otherwise they are unauthorized building works under the Buildings Ordinance (BO). An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO.

7. Long-Term Development

(a) Comments of the Chief Engineer/Cross-Boundary Infrastructure and Development, Planning Department (CE/CID, PlanD):

- the Civil Engineering and Development Department (CEDD) and PlanD jointly commissioned the “Planning and Engineering Study for Housing Sites in Yuen Long South (YLS) – Investigation”. According to the Revised Recommended Outline Development Plan of YLS promulgated in May 2020, the Site falls within an area zoned “District Open Space”; and
- the objective of YLS development is to transform the degraded rural land predominantly occupied by brownfield operations including open storage yards, warehouses and rural industrial uses into housing and other uses with supporting infrastructure and community facilities, and to improve the existing environment. It is noted that the application is for temporary use for a period of three years. In considering the application for temporary uses, due consideration should be given on the possible implication on land clearance which would affect the future implementation of YLS.

(b) Comments of the Project Manager (West) (PM(W)), CEDD:

No objection to the application.

8. District Officer's Comments

Comments of the District Officer (Yuen Long), Home Affairs Department (DO(YL), HAD):

His office did not receive any comment from village representatives in the vicinity.

9. Other Departments

The following departments have no objection to/ no comment on the application:

- Chief Engineer/Construction, Water Supplies Department (CE/C, WSD);
- Director of Electrical and Mechanical Services (DEMS); and
- Commissioner of Police (C of P).

Recommended Advisory Clauses

- (a) prior planning permission should have been obtained before commencing the applied use at the application site (the Site);
- (b) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (c) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Short Term Waiver (STW) holder will need to apply to his office for modification of the STW conditions where appropriate. The application(s) for STW will be considered by the Government in its capacity as a landlord and there is no guarantee that it will be approved. The STW, if approved, will be subject to such terms and conditions including the payment of waiver fee and administrative fee as considered appropriate by his department. Besides, given the proposed use is temporary in nature, only erection of temporary structure(s) will be considered;
- (d) to note the comments of the Commissioner for Transport (C for T) that:
 - (i) consent of the owners/managing departments of the local track and footpath should be obtained for using it as the access to the Site; and
 - (ii) sufficient manoeuvring space shall be provided within the Site. No vehicles are allowed to queue back to public roads or reverse onto/from public roads;
- (e) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department (CHE/NTW, HyD) that:
 - (i) his department shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road; and
 - (ii) adequate drainage measures should be provided to prevent surface water running from the Site to the nearby public roads and drains;
- (f) to note the comments of the Director of Environmental Protection (DEP) that:
 - (i) the relevant mitigation measures and requirements in the latest “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” should be followed to minimise any potential environmental nuisances on the surrounding areas; and
 - (ii) adequate supporting infrastructure/facilities should be provided for proper collection, treatment and disposal of waste/wastewater generated from the proposed use. If septic tank and soakaway system will be used in case of unavailability of public sewer, its design and construction shall follow the requirements of his department’s Practice Note for Professional Person (ProPECC) PN 1/23 “Drainage Plans subject to Comment by the Environmental Protection Department” including completion of percolation test and certification by Authorised Person;
- (g) to note the comments of the Director of Fire Services (D of FS) that:
 - (i) in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. Relevant layout plans incorporated with the proposed FSIs should be submitted to his department for approval;

- (ii) the layout plans should be drawn to scale and depicted with dimensions and nature of occupancy, and the location of proposed FSIs to be installed should be clearly marked on the layout plans; and
 - (iii) if the proposed structures are required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (h) to note the general comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD) that:
- (i) regarding the drainage proposal submitted by the applicant, the applicant is advised that:
 - i. Figure 4 – the gradients and the sizes of the existing and proposed u-channels should be shown on the drainage plan;
 - ii. Figure 4 – the applicant should indicate the catchpit with desilting facility on the drainage plan;
 - iii. Figure 4 – consideration should be given to provide grating for the surface channels;
 - iv. Figure 4 – the applicant should indicate the proposed u-channels in the cross sections.
 - v. Figure 4 – the applicant should review the gradient of the proposed u-channels at the northern and southern boundary which seems to range from 1:300 to 1:500 instead of 1:55 and 1:60 as described in Section 1.2.1 of the report;
 - vi. the applicant should confirm if any walls of hoarding are/to be erected or laid along the site boundary, adequate opening should be provided to intercept the existing overland flow passing through the site. The applicant should provide its details for comments;
 - vii. the development should neither obstruct overland flow and nor adversely affect existing natural streams, village drains, ditches and the adjacent areas, etc.;
 - viii. the applicant should indicate clearly the full alignment of the discharge path from the Site all the way down to the ultimate discharge point (e.g. a well-established stream course/public drainage system) on a separate plan as appropriate. You may refer to the GeoInfo Map (<http://www.map.gov.hk/gm/>) to obtain records of nearby drainage pipes and manhole facilities. If the existing drainage facilities proposed to be included in your drainage network are not recorded on the website, please provide relevant site photos to demonstrate its existence and existing condition;
 - ix. the existing open drain, to which the applicant proposed to discharge the stormwater from the Site was not maintained by his office. The applicant shall resolve any conflict/disagreement arisen for discharging the runoff from the Site to the proposed discharge point(s). In the case that it is local village drainage, District Office, Yuen Long should be consulted. Moreover, the applicant should ensure that this drainage system and the existing downstream drains/channels/streams have adequate capacity to convey the additional runoff from the Site. Regular maintenance should be carried out by the applicant to avoid blockage of the system;

- x. further to (ix) above, since there is no record of the said discharge path, please provide site photos demonstrates its presence and existing condition. The applicant should also indicate the location and direction of photo taking on the plan for ease of identification; and
 - xi. the applicant should resolve any conflict/disagreement with relevant lot owner(s) and seek permission from District Lands Office/ Yuen Long for laying new drains/channels and/or modifying/upgrading existing ones in other private lots or on Government Land, where required, outside the Site;
- (ii) all existing drains/watercourse should be maintained and the overland flow from adjacent lands should not be affected; and
 - (iii) for any change of existing ground level and associated works proposed by the applicant that could affect adjacent land and cause other impacts and/or other issues to public, please submit technical assessment(s) in other aspect(s) and seek comment from relevant departments as necessary;
- (i) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (CBS/NTW, BD) that:
 - (i) the Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively;
 - (ii) the Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at building plan submission stage;
 - (iii) if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority, they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the captioned application;
 - (iv) for UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO;
 - (v) any temporary shelters or converted containers for office, storage, washroom or other uses considered as temporary buildings are subject to the control of Part VII of the B(P)R; and
 - (vi) detailed checking under the BO will be carried out at building plan submission stage;
 - (j) to note the comments of the Project Manager (West), Civil Engineering and Development Department (PM(W), CEDD) that based on the preliminary project boundary of the proposed Yuen Long South New Development Area (YLS NDA), the Site falls within the boundary of the YLS NDA – Third Phase Development. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong and the detailed implementation programme with phasing and packaging of works for YLS NDA – Third Phase Development is being formulated; and
 - (k) to note the comments of the Director of Electrical and Mechanical Services (DEMS) that in the interests of public safety and ensuring the continuity of electricity supply, the parties concerned

with planning, designing, organising and supervising any activity near the underground cable or overhead line should approach the electricity supplier (i.e. CLP Power) for the requisition of cable plans and overhead line alignment drawings, where applicable to find out whether there is any underground cable or overhead line within or in the vicinity of the Site. They should also be reminded to observe the Electricity Supply Lines (Protection) Regulation and the “Code of Practice on Working near Electricity Supply Lines” established under the Regulation when carrying out works in the vicinity of the electricity supply lines.
