Zoning: "VTD"

Applied use: 15 Vehicle Parking

Dear TPB Members,

So another parking scam goes legit. No mention of provision of EV facilities that should be mandatory for all newly approved facilities.

The village according to the application has **400+ households with 360+ vehicles**. This is an alarming statistic.

Members should question TD representative at meeting if in view of the expanding MTR network there are plans to improve public transport links to the village in order to discourage a further increase in vehicle ownership.
