- Zoning** : “Commercial”
- (a) restricted to a maximum building height (BH) of 120mPD, or the height of the existing building, whichever is the greater
 - (b) provision for application for minor relaxation of the BH restriction
- Application** : Proposed Minor Relaxation of Building Height Restriction (BHR) for Permitted Office, Shop and Services and Eating Place Uses

1. Background

- 1.1 On 20.1.2021, the Town Planning Board (the Board) received an application seeking planning permission for minor relaxation of BHR from 120mPD to 136mPD for a proposed commercial development at the application site (**Plan A-1**).

- 1.2 On 12.3.2021, the Metro Planning Committee (the Committee) of the Board agreed to defer making a decision on the application for two months, as requested by the applicant, to allow sufficient time to address departmental comments. Subsequently, the applicant submitted further information (FI) on 18.3.2021 and 30.4.2021, providing responses to departmental and public comments, a land boundary survey report and technical information on pedestrian assessment. The application is scheduled for consideration by the Committee at this meeting.

2. Request for Deferment

On 11.6.2021, the applicant's representative wrote to the Secretary of the Board and requested the Board to defer making a decision on the application for a period of two months in order to allow more time for preparation of FI to address the comments of government departments (**Appendix I**).

3. Planning Department's Views

- 3.1 The application has been deferred once for two months at the request of applicant to allow more time to prepare FI to address departmental comments. Since the first deferment on 12.3.2021, the applicant has submitted FIs in March and April 2021 to address departmental comments. Further comments have been raised by concerned government departments on the latest FIs submitted. The applicant has indicated that more time is required to prepare FI to address the departmental comments.
- 3.2 The Planning Department has no objection to the request for deferment as the justification for deferment meet the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Comments, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33) in that the applicant needs more time to prepare FI to address departmental comments, the deferment period is not indefinite and that the deferment would not affect the interest of other relevant parties.
- 3.3 Should the Committee agree to defer making a decision on the application, the application will be submitted to the Committee for consideration within two months upon receipt of FI from the applicant. If the FI submitted by the applicant is not substantial and can be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. The applicant should be advised that the Committee has allowed further two months for preparation of FI. Since this is the second deferment of the application, the applicant should also be advised that the Committee has allowed a total of four months for preparation of submission of FI, and no further deferment would be granted unless under very special circumstances.

4. Decision Sought

The Committee is invited to consider whether or not to accede to the applicant's request for deferment. If the request is not acceded to, the application will be submitted to the Committee for consideration at the next meeting.
