- (f) minor relaxation of BH/GFA restrictions and the provision of public vehicle parking space requirement may be considered by the Board on application based on its individual merits

Application Submission of Layout Plan for Proposed Permitted 'Eating Place', 'Office', 'Shop and Services', 'Public Clinic', 'Public Transport Terminus or Station', 'Public Vehicle Park (excluding container vehicle)' and 'Social Welfare Facility' Uses

1. Background

On 8.3.2024, the applicant submitted the current application to seek planning permission for the layout plan for proposed permitted eating place, office, shop and services, public clinic, public transport terminus or station, public vehicle park (excluding container vehicle) and social welfare facility at the application site (**Plan A-1**). The application is scheduled for consideration by the Metro Planning Committee (the Committee) of the Town Planning Board (the Board) at this meeting.

2. Request for Deferment

On 12.4.2024, the applicant's representative wrote to the Secretary of the Board and requested the Board to defer making a decision on the application for one month so as to allow time to resolve outstanding technical issues with government departments (**Appendix I**).

3. Planning Department's View

- 3.1 The Planning Department has no objection to the request for the first deferment as the justification for deferment meets the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33B) in that the deferment would allow the applicant to prepare further information (FI) to address outstanding issues.
- 3.2 Should the Committee agree to defer a decision on the application, the application will be submitted to the Committee for consideration within two months upon receipt of FI from the applicant. If the FI submitted by the applicant is not substantial and could be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. The applicant should be advised that the Committee has allowed one month for preparation of the submission of FI, and no further deferment would be granted unless under very special circumstances.

4. Decision Sought

The Committee is invited to consider whether or not to accede to the applicant's request for deferment. If the request is not acceded to, the application will be submitted for the Committee's consideration at the next meeting.
