1. Background

On 20.7.2022, the Town Planning Board (the Board) received the subject planning application for proposed amendments to the approved Master Layout Plan for a comprehensive residential development at the application site, which is mainly zoned “CDA(2)” and partly shown as ‘Road’ on the approved North Point OZP No. S/H8/26 (**Plan A-1**). The proposed amendments also involve minor relaxation of the plot ratio restriction from 8 to 8.14 and the building height restriction for the western part of the “CDA(2)” zone from 130mPD to 145.4mPD. The application is scheduled for consideration by the Metro Planning Committee (the Committee) of the Board at this meeting.

2. Request for Deferment

On 31.8.2022, the applicant's representative wrote to the Secretary of the Board and requested the Board to defer making a decision on the application for a period of two months in order to allow additional time for the applicant to prepare further information (FI) including revised air quality impact assessment to address the departmental comments (**Appendix I**).

3. Planning Department's Views

3.1 The Planning Department has no objection to the request for deferment as the justification for deferment meets the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Comments, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33A) in that the applicant needs more time to prepare FI in response to departmental comments, the deferment period is not indefinite and the deferment would not affect the interest of other relevant parties.

3.2 Should the Committee agree to defer a decision on the application, the application will be submitted to the Committee for consideration within two months upon receipt of FI from the applicant. If the FI submitted by the applicant is not substantial and can be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. The applicant should be advised that the Committee has allowed two months for preparation of submission of FI, and no further deferment would be granted unless under very special circumstances.

4. Decision Sought

The Committee is invited to consider whether or not to accede to the applicant's request for deferment. If the request is not acceded to, the application will be submitted to the Committee for consideration at the next meeting.
