Hi TPB,

Further to our phone discussion this morning with your officer Mr. Au Yeung, I confirm that it is our intention to apply for deferment of this case for say 2 months so that we can have ample time to deal with the comments of BD, in particular the staircase required for the upper floors of the proposed building. I have discussed with our AP who is confident that the issue can be resolved either through meeting with BD or revision of the plans. We are also glad to note the other departmental comments which are mainly positive.

As I shall be away from HK till 8/12/2022, you may wish to discuss with our associate Mr. Raymond Yip at telephone no. at [REDACTED] if necessary! Thanks for your help.
