Attachment: Letter to TPB_20240429.pdf

Dear Sir/Madam,

I am writing to ask for deferment of our Section 16 Application (Application No.: A/K10/271) for another two months as we are currently pending the full report of Traffic Impact Assessment (TIA) from external consultant in response to the additional comments from Transport Department. Throughout the past two months, we have been in close communication with TD to better understand and clarify the requirements in hope of addressing their concerns and having our application approved. After several rounds of communication, we are informed that a full report of TIA is needed and we have been getting in touch with external traffic consultant to prepare the TIA. However, amid the shortage of time, we would like to request for deferment of our application and make submission of the outstanding documents at our soonest.

Therefore, attached herewith the letter requesting for deferment of application for your reference. Kindly let us know if any queries, thank you so much.

Many thanks & best regards,
Karson
